The Viking Discovery of America Helge Ingstad, Anne Stine Ingstad, 2000 Faced with harsh conditions in their Greenland home, a group of Vikings took the reins of fate into their own hands. With incredible luck, skill and fortitude, they discovered lands filled with a profusion of wood, wild game and fertile land. In the sagas that grew from this discovery, the lands were given names that resonated with hope and promise. Almost 1000 years later, a husband and wife team united their talents. Intrigued by allusions in the ancient sagas to fabled Vinland, they considered the scholarship on Viking culture and technology; they studied maps and they researched intensively the prominent theories on Vinland's location. And finally their efforts bore fruit when a remote Newfoundland peninsula yielded up a soapstone spindle-whorl, a Viking ring pin, and what had to be the overgrown remnants of over a dozen Viking buildings.

Underground Suelette Dreyfus, Julian Assange, 2012-01-05 Suelette Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most

powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and meticulously researched, Underground follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.

A Gentleman of Color Julie Winch,2003-06-05 Winch has written the first full-length biography of James Forten, a hero of African American history and one of the most remarkable men in 19th-century America. Born into a free black family in 1766, Forten served in the Revolutionary War as a teenager. By 1810 he had earned the distinction of being the leading sailmaker in Philadelphia. Soon after Forten emerged as a leader in Philadelphia's black community and was active in a wide range of reform activities. Especially prominent in national and international antislavery movements, he served as vice-president of the American Anti-Slavery Society and became close friends with William Lloyd Garrison to whom he lent money to start up the Liberator. His family were all active abolitionists and a granddaughter, Charlotte Forten, published a famous diary of her experiences teaching ex-slaves in South Carolina's Sea Islands during the Civil War. This is the first serious biography of Forten, who stands beside Harriet Tubman, Frederick Douglass, Booker T. Washington, and Martin Luther King, Jr., in the pantheon of African Americans who fundamentally shaped American history.
