The Palestinian Strategic Report 2010/11 Dr. Mohsen Mohammad Saleh, 2011-05-23 This annual referential report, has become an essential classic in the academic realm of Palestinian Studies. It includes the latest and most recent statistical and analytic data on the various developments related to the Palestinian issue. Al-Zaytouna Centre for Studies and Consultations issued its Palestinian Strategic Report 2010/11

(PSR 2010/11) which addresses the developments of the Palestinian issue in 2010/11. The PSR is considered one of the most important scientific studies published annually by Al-Zaytouna Centre. The Report is rich with information, analyses, tables and charts besides strategic visions and future outlooks. It is published for the sixth year in a row and it has become one of the major sources for experts and those interested in the Palestinian issue. It provides a comprehensive coverage of the developments of the Palestinian issue that happened over a year while abiding by strict scientific and professional standards. The Report is 444 medium-sized pages. It is co-authored by 15 researchers specialized in the Palestinian issue, reviewed by four consultants and edited by Dr. Mohsen M. Saleh. The PSR 2010/11 stresses that the uprisings witnessed in the Arab world since early 2011, especially in Egypt, will have a direct impact on the Palestinian issue. The impact will most likely be positive if the uprisings achieved their goals and yielded political regimes which express the real will of the Arab peoples. However, the Report notes that the internal affairs would most probably be the primary concern during the coming period. Regarding the inter-Palestinian reconciliation, PSR 2010/11 asserts that the reconciliation agreement signed in Cairo last May still needs more serious steps to end the division and achieve real reconciliation on the ground. It needs to resolve many obstacles through cooperation between the different parties, away from external interventions and pressures. On the Israeli level,

the Report mentions that 2010 has continuously witnessed the inclination of the Israeli society towards the extreme right. It further notes the absence of any breakthroughs in 2011 especially in the light of Israel's rejection for the negotiations with President Mahmud 'Abbas. The agreement signed with Hamas and the PA's attempts to obtain international recognition of the Palestinian State in September 2011 hindered such negotiations. On the international level, the PSR says that the international diplomatic efforts towards the Palestinian issue have failed again in 2010. They could not achieve any significant progress regarding the peace settlement track or the siege imposed on the Gaza Strip. Moreover, PSR 2010/11 includes a large number of figures and statistics on Israeli violations on different levels. During 2010, 98 Palestinians were killed in the West Bank and Gaza Strip (including Jerusalem) by Israeli forces and settlers while 967 Palestinians and international solidarity activists were wounded. On the other hand, Israel's internal security service mentioned that during 2010, 9 Israelis were killed and 28 were wounded in operations carried out by the Palestinians. Concerning settlement building, the Report shows that despite the 10-month Israeli moratorium on settlement building, Israel established 1819 buildings/apartments in 133 settlements all over the West Bank, including Jerusalem; in addition to 1433 mobile homes (caravans). PSR 2010/11 also discusses the increased Israeli attacks on the Islamic and Christian holy sites in Jerusalem and historic

Palestine, during 2010. It further shows that the developments during that year revealed that the Judaization of Jerusalem has become the primary battle for Israel due to the obsession with the "Jewishness of the state" dominating the Israeli mind. Concerning demographic indicators, PSR 2010/11 mentions that at the end of 2010 the number of Palestinians around the world was around 11.14 million people. More than half of them, i.e., 5.75 million (51.6%) live in Diaspora, while the rest, i.e., 5.39 million (48.4%) live in historic Palestine. The latter are distributed by 1.28 million people in the territories occupied in 1948 and 4.11 million in the '67 territories. The Report mentions that if the current growth rates of the Palestinians and the Jews persist, the number of Palestinians and Jews will become on par by 2017 where each will reach around 6.53 million. Thus, in 2020, around 49.2% of the population will be Jews as their number will reach 6.87 million compared to 7.09 million Palestinians. Regarding the economic indicators in the West Bank and the Gaza Strip, the Report shows that events during 2010 has not affected the direct dependence of the Palestinian economy on the Israeli economy. In addition, the isolation of the Palestinian economy from the outside world continued due to the Israeli control of all international exits and Palestinian border crossings besides the Palestinian foreign trade. PSR 2010/11 also refers to the enormous difference between the Palestinian economy in the West Bank and the Gaza Strip on one hand and the Israeli economy on the other. Thus, it shows, for example, that in 2010 the

Palestinian GDP per capita was \$1500 (around \$1925 in the West Bank and \$877 in the Strip) compared to \$28,500 in Israel. In addition, the GDP amounted to \$5.73 billion for the Palestinians compared to \$217.13 billion for the Israelis.

Energy and Security in South Asia Charles K. Ebinger, 2011-08-31 Economic growth and burgeoning populations have put South Asia's energy security in a perilous state. Already energy and power shortages are stunting development in some of the region's least developed locations spurring political insurgences and social dislocation. Should this trend continue, Ebinger argues the Subcontinent will face dire economic, social and political crises. In Energy and Security in South Asia, Brookings ESI director Charles Ebinger, a long-time adviser to South Asian governments, lays out the current regional energy picture arguing that the only way to achieve sustainable energy security is through regional collaboration both within the subcontinent as well as with regional neighbors in the Middle East and Central and Southeast Asia, Dr. Ebinger commences by illustrating the present-day energy environment in each nation as well as the obstacles governments confront in addressing them. Among the issues examined are: (1) the technical strains that near double-digit economic growth are putting on India's dilapidated power infrastructure, (2) the economic costs the country is incurring by increasing reliance on the Middle East for oil and gas resources; (3) the prospects for expanded wind, solar, energy efficiency and nuclear power generation in India to help reduce the nation's

growing carbon footprint as it accelerates the use of coal; (4) the implications of Pakistan's expanded use of coal; (5) an analysis of how poor energy pricing systems are bringing about an energy shortage throughout the region (6) an examination of how strains in Indo/Bengali relations threaten the construction of vital regional energy infrastructure projects; (7) a discussion of how continued political upheaval in Nepal is causing power shortages of up to 20 hours per day; and (8), an analysis of how hydropower development is fuelling Bhutan's Gross National Happiness campaign. In addition to individual domestic concerns, each nation shares a crisis whereby hundreds of millions on the Subcontinent lack access to electricity and burn inefficient resources such as fuel wood and biomass for lighting, heating, and cooking, thus contributing sizeable carbon emissions. The looming Indian Subcontinent energy crisis will force more than half a billion people – and counting—from emerging from dire poverty, thus potentially sparking domestic and regional instability in an already treacherous area.

Office 2010.htm

Introduction

In the digital age, access to information has become easier than ever before. The ability to download Office 2010.htm has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Office 2010.htm has opened up a world of possibilities. Downloading Office 2010.htm provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can

gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Office 2010.htm has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Office 2010.htm. These websites range from academic databases

offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Office 2010.htm. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it

is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Office 2010.htm, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Office 2010.htm has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice

for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
