Soul Power Cynthia A. Young,2006-10-11 Soul Power is a cultural history of those whom Cynthia A. Young calls "U.S. Third World Leftists," activists of color who appropriated theories and strategies from Third World anticolonial struggles in their fight for social and economic justice in the United States during the "long 1960s." Nearly thirty countries in Africa, Asia, and Latin America declared formal independence in the 1960s alone. Arguing that the significance of this wave of decolonization to U.S. activists has been vastly underestimated, Young describes how literature, films, ideologies, and political movements that originated in the

Third World were absorbed by U.S. activists of color. She shows how these transnational influences were then used to forge alliances, create new vocabularies and aesthetic forms, and describe race, class, and gender oppression in the United States in compelling terms. Young analyzes a range of U.S. figures and organizations, examining how each deployed Third World discourse toward various cultural and political ends. She considers a trip that LeRoi Jones, Harold Cruse, and Robert F. Williams made to Cuba in 1960; traces key intellectual influences on Angela Y. Davis's writing; and reveals the early history of the hospital workers' 1199 union as a model of U.S. Third World activism. She investigates Newsreel, a late 1960s activist documentary film movement, and its successor, Third World Newsreel, which produced a seminal 1972 film on the Attica prison rebellion. She also considers the L.A. Rebellion, a group of African and African American artists who made films about conditions in the Watts neighborhood of Los Angeles. By demonstrating the breadth, vitality, and legacy of the work of U.S. Third World Leftists, Soul Power firmly establishes their crucial place in the history of twentieth-century American struggles for social change.

Haunted Santa Cruz, California Maryanne Porter,2016-09-26 From inspiring Alfred Hitchcock's Psycho to being the stalking ground of serial killers, Surf City, USA, has a spooky history with a West Coast twist. Though generally a peaceful coastal city, the dark stains from Santa Cruz's past still linger. A former Spanish Mission, Holy Cross Catholic Church harbors a dark history of a brutal revolt of native Ohlone people that killed the cruel Fr. Andres Quintana. Frequented by mobsters and celebrities in its heyday, the famous Brookdale Lodge's most talked-about guest is the ghost of a little girl who died nearby in 1892 after nearly drowning. Terrorized by three different serial killers during the 1970s, the city earned the nickname of "the Murder Capital of the World." Local resident Alfred Hitchcock derived inspiration for his iconic film Psycho from the haunted mid-nineteenth-century Hotel McCray. Tracing the city's eeriest incidents back to their roots, historical researcher and paranormal investigator Maryanne Porter details these and many more stories of local legend and lore. Includes photos! "[Porter] vividly retells the darker aspects of Santa Cruz history, and shares recorded experiences, including some of her own, at popular local haunted sites like the Brookdale Lodge and Sunshine Villa." —GoodTimes
