A portion of this book is for beginner photographers learn about the basics of Photography so that everybody can benefit from the methods in this book. Photographs have been in fashion since they were known to the common man. People use photographs to capture and store their special moments. These photos help in reliving those precious moments that they spent with their loved ones, friends, or family. But, it is not the 1940s or 1980s now. With time, people have developed various methods of processing images. Today, they capture images not only to remember their moments, but to share them with people on social media platforms like Instagram, Pinterest, Facebook, Twitter, and many others. Capturing amazing images with the help of your camera is not enough. You need to produce some appealing images from those digital copies of yours as well. If you spend more than 30 seconds studying an image that you took, you will often notice that something is not presented the way you wanted it to be. You can always open such images in Photoshop to correct them and artificially improve them to make them better looking. Once you are done with the photography lessons in this book, you will continue learning about Photoshop and how you can use the same to make your images WOW! What's Included in this book: Basics of Photography (Aperture, Focus, Continuous Focus, Shutter Speed etc.) How to Capture Images like a Professional Using perspective to add dynamism to your images Photography filters Introduction to Photoshop Basic Photoshop Color Grading Photo Manipulation Combining two images Scroll up and download now.

Photoshop Edward Bailey, Professor of Business Communications Edward Bailey, 2015-09-23 Did you ever want to learn how to make your photos stand out? ** Get this book by Amazon Best Selling Author Edward Bailey ** Do you think Photoshop is too complicated for you? If you answered YES to both questions, then this book is perfect for you. You can make your photos stand out and you can do it easily. This book will help you realize that the photo-editing processes in Photoshop aren't complicated and you can edit your images like a pro. Whenever we look through magazines or browse some websites, we see photos of high quality. These photos didn't always look perfect. They started as ordinary photos taken by a person who wanted to point something out or to capture some beauty or simply to take a picture of someone else or even themselves. Yes, these photographs were edited. The only reason they look perfect to you is because the photographer or graphic designer wanted to make the focus of the photo stand out or to express his or her creativity. If you ever wondered how amazing it would be to actually make your own images look like that, then this book is the ideal solution for you. The book teaches you how to edit images using the same techniques as professional editors and photographers. People usually get discouraged whenever they hear or read the word professional. To them, the word immediately indicates a complicated and time-consuming process that they would never be able to understand or even perform. This is, exactly what makes this book different from

all other books; the simplicity. Here is what this book will teach you: * Various Photoshop art effects - in this part of the book, you will learn how to turn your photo into a painting in 15 easy steps. Moreover, you can turn the photo you capture into a pencil drawing and it can be done in 10 steps. It really is that easy. If you ever wanted to make a comic book with you as the main character (or your friends), this book contains the step by step guide. In 17 simple steps, you can become a comic book character * Editing and repairing old photos - you probably have tons of old photos that are slightly damaged. The second part of this book teaches you how to repair damaged photos in 4 steps; (YES! It is that easy), and you can also ADD color to your old black and white photos. You can use these techniques and make a perfect birthday/holiday present for your parents or grandparents * Photoshop hacks for graphic designers - in this part, all graphic design enthusiasts can learn how to add a flaming effect to various objects or to add an exploding text effect Benefits of buying this book: * Simple techniques * Step by step instructions * Versatile content * Practical use * Brings out your own creativity Read this book for FREE on Kindle Unlimited - Download Now!" All photo-editing methods in this book are simple and able to be performed by absolutely everyone. Moreover, throughout the book, you will learn how to express your own creativity and you can adjust the values of all settings according to your preferences. Follow the instructions provided in this book and start editing your images like a pro. All that you need to be a pro is your own creativity (which you already have) and Photoshop. Get started.
