Hazards XX, 2008 This symposium focuses on making the best use of current safety knowledge and avoiding complacency in the chemical and process industries, applying knowledge to emerging industries, and ensuring lessons learned in the old industries are transferred to the new so that the same mistakes are not made again.

Law, Privacy and Surveillance in Canada in the Post-Snowden Era Michael Geist, Wesley Wark, 2015-05-28 Years of surveillance-related leaks from US whistleblower Edward Snowden have fuelled an international debate on privacy, spying, and Internet surveillance. Much of the focus has centered on the role of the US National Security Agency, yet there is an important Canadian side to the story. The Communications Security Establishment, the Canadian counterpart to the NSA, has played an active role in surveillance activities both at home and abroad, raising a host of challenging legal and policy questions. With contributions by leading experts in the field, *Law, Privacy and Surveillance in Canada in the Post-Snowden Era* is the right book at the right time: From the

effectiveness of accountability and oversight programs to the legal issues raised by metadata collection to the privacy challenges surrounding new technologies, this book explores current issues torn from the headlines with a uniquely Canadian perspective.

After the Peace Carolyn Gallaher, 2011-05-02 The 1998 Belfast Agreement promised to release citizens of Northern Ireland from the grip of paramilitarism. However, almost a decade later, Loyalist paramilitaries were still on the battlefield. *After the Peace* examines the delayed business of Loyalist demilitarization and explains why it included more fits than starts in the decade since formal peace and how Loyalist paramilitary recalcitrance has affected everyday Loyalists. Drawing on interviews with current and former Loyalist paramilitary men, community workers, and government officials, Carolyn Gallaher charts the trenchant divisions that emerged during the run-up to peace and thwart demilitarization today. *After the Peace* demonstrates that some Loyalist paramilitary men want to rebuild their communities and join the political process. They pledge a break with violence and the criminality that sustained their struggle. Others vow not to surrender and refuse to set aside their guns.

These units operate under a Loyalist banner but increasingly resemble criminal fiefdoms. In the wake of this internecine power struggle, demilitarization has all but stalled. Gallaher documents the battle for the heart of Loyalism in varied settings, from the attempt to define Ulster Scots as a language to deadly feuds between UVF, UDA, and LVF contingents. After the Peace brings the story of Loyalist paramilitaries up to date and sheds light on the residual violence that persists in the postaccord era.

Understanding Bridge Collapses Björn Åesson, 2014-04-21 This book presents a detailed overview of 20 cases of famous and other highly interesting bridge collapses over the last two centuries. Every case is illustrated and described in detail and the failure analyses made are supported by well-known explanations and, in some cases, by new theories. The chronological order makes it easy to follow the

gradual development in the use of different bridge types and the choice of construction material. This analysis of the complex phenomena of fatigue and buckling is a critical area for consulting engineers and for advanced-level and postgraduate students in structural and bridge engineering.

The Final Call Leo Hickman,2008-09-04 No industry in the world employs more people or is the world's largest foreign currency earner than tourism. Long billed as the cleanest industry for developing countries to invest in, tourism seems to offer everyone involved a positive experience. This is the official line, anyway. In truth, the reality is much more complex . For **The Final Call** Hickman travels the world on a range of holidays and finds that behind the sunny facade of pools, smiling locals, sightseeing trips and exquisite cuisine is an ugly reality and it is spreading unchecked to all corners of the globe. But none of us are going to stop holidaying and at the heart of this is a heartfelt attempt to discover the best way to holiday wherever you are.

A Century of Segregation Leland Ware,2018-10-18 This book examines the history of racial

segregation in America and many of the heroic battles that were waged against the system. From the 1930s to the 1960s court challenges were won and laws were enacted that killed Jim Crow. However, despite considerable advances, substantial barriers to racial equality persist.

Cyber Worship in Multifaith Perspectives Mohamed Taher, 2006 *Cyber Worship in Multifaith Perspectives*, as is implied by its name, explores worship (i.e., Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc.) on the Internet. It is not an 'everything you need to know' guide about the subjects of faith and belief, religions-online, religions on the Net, or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric, cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term 'Cyber Worship' is a catchall phrase, which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr. Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As

such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.

Christmas in Absaroka County Craig Johnson, 2012-12-04 It's holiday season in Absaroka County and Sheriff Walt Longmire gets personal in this delightful collection of four short stories from New York Times–bestselling author Craig Johnson. Full of Longmire's dry wit and good heart, Christmas in Absaroka County is a holiday must-have for every Longmire and Craig Johnson fan, and it also includes the first chapter of *The Cold Dish*, the first novel in the Longmire Mystery Series. Readers glimpse a softer side of Sheriff Walt Longmire as he grapples with the death of his wife, Martha, and his sometimes turbulent but ever-loving relationship with his daughter, Cady. In these four stories—"Ministerial Aid," "Slick-Tongued Devil," "Toys for Tots," and "Unbalanced" (three of which have been sent to Johnson's fans over the years in the author's "Post-it" e-mails)—Walt is alternately at his best and his worst. He helps a somewhat delusional elderly victim of domestic abuse while sporting a bathrobe and a mean hangover on New Year's Day. He's sidelined by grief when his wife's

obituary reappears in the paper and there's an unexpected knock on his door two days before Christmas. He strives to help even those who don't want it when he picks up a young female hitchhiker, and he's forced into some last-minute Christmas shopping by the Greatest Legal Mind of Our Time, during which he might just end up saving a young Navy chaplain's Christmas.

Through Fire with Water Erik Doxtader, Charles Villa-Vicencio, 2003 This collection of essays presents 15 case studies of African countries whose recent past has been shaped by conflict. It examines the historical roots of violence and the potential for reconciliation and justice.

Peacebuilding Elisabeth Porter, 2007-09-18 This book clarifies some key ideas and practices underlying peacebuilding; understood broadly as formal and informal peace processes that occur during pre-conflict, conflict and post-conflict transformation. Applicable to all peacebuilders, Elisabeth Porter highlights positive examples of women's peacebuilding in comparative international contexts. She critically interrogates accepted and entrenched dualisms that prevent meaningful reconciliation,

while also examining the harm of othering and the importance of recognition, inclusion and tolerance. Drawing on feminist ethics, the book develops a politics of compassion that defends justice, equality and rights and the need to restore victims' dignity. Complex issues of memory, truth, silence and redress are explored while new ideas on reconciliation and embracing difference emerge. Many ideas challenge orthodox understandings of peace. The arguments developed here demonstrate how peacebuilding can be understood more broadly than current United Nations and orthodox usages so that women's activities in conflict and transitional societies can be valued as participating in building sustainable peace with justice. Theoretically integrating peace and conflict studies, international relations, political theory and feminist ethics, this book focuses on the lessons to be learned from best practices of peacebuilding situated around the UN Security Council Resolution 1325 on Women, Peace and Security. Peacebuilding will be of particular interest to peace practitioners and to students and researchers of peace and conflict studies, international relations and gender politics.

development of rail across the country and its economic and social impact. Brown's books are entertaining but also meticulously researched. This bundle is a treasure trove for the railway enthusiast. Includes: In Search of the Grand Trunk Rails Across the Prairies Rails Across Ontario The Train Doesn't Stop Here Anymore Rails to the Atlantic
