Ticket Home James Michael Pratt,2002-03-15 At the dawn of World War II, in rural Oklahoma, identical twins Lucien and Norman Parker are bound by the tragic death of their mother, their railroad jobs, and an abiding well of brotherly devotion. But when both fall for the prettiest girl in town, they learn the hard way that they can't share everything. It is brash Lucien who finally wins her hand, while gentle Norman continues to cherish her. At last, reunited, and reconciled, in the war-torn South Pacific, Lucien and Norman fight side by side. But one brother will be burdened with the heartbreaking loss of the other--and the weight of a shocking secret that will haunt him for decades to come... James Michael Pratt's Ticket Home takes readers on a journey back to the youthful days of innocence, to the loss of innocence, and to the power of love that can salvage dreams.

The Forest Reminds Us Who We Are Sean Padraig O'Donoghue,2021 A guide book for tapping into the medicinal power of wild plants for recovering and maintaining spiritual, emotional, and mental wellbeing. Our ancestors drew health, strength, nourishment, and meaning from their relationship to the natural world, and yet today most of us have lost that vital connection. It should then come as no surprise that we are living in an age of unprecedented anxiety, depression, loneliness, and illness. Drawing from herbal medicine, somatic psychology, Celtic wisdom, and his own experiences, author Seán Pádraig O'Donoghue outlines an approach to herbal healing for the mind and spirit that is uniquely suited to our modern times. Plants are our wild kindred and have the power to connect us with the life within and around us. O'Donoghue takes readers on a journey through some of the ways our bodies, minds, and spirits have become unbalanced in an unbalanced world. He then blends lyrical, mythic, and scientific understandings to help us to understand the potent power of plant medicine. Also included are simple rituals designed to deepen our connections to our own bodies, the land, and both new and familiar plant allies. This is the ideal book for anyone new to herbalism, as well as seasoned herbalists, naturopaths, body workers, and psychologists.

Knowledge Unbound Peter Suber,2016-04-06 Influential writings make the case for open access to research, explore its implications, and document the early struggles and successes of the open access movement. Peter Suber has been a leading advocate for open access since 2001 and has worked full time on issues of open access since 2003. As a professor of philosophy during the early days of the internet, he realized its power and potential as a medium for scholarship. As he writes now, "it was like an asteroid crash, fundamentally changing the environment, challenging dinosaurs to adapt, and challenging all of us to figure out whether we were dinosaurs." When Suber began putting his writings and course materials online for anyone to use for any purpose, he soon experienced the benefits of that wider exposure. In 2001, he started a newsletter--the Free Online Scholarship Newsletter, which later became the SPARC Open Access Newsletter--in which he explored the implications of open access for research and scholarship. This book offers a selection of some of Suber's most significant and influential writings on open access from 2002 to 2010. In these texts, Suber makes the case for open access to research; answers common questions, objections, and misunderstandings; analyzes policy issues; and documents the growth and evolution of open access during its most critical early decade.
