⏸ AMERICAN ZEALOTS Arie Perliger,2020-08-18 In an unsettling time in American history, the outbreak of right-wing violence is among the most disturbing developments. In recent years, attacks originating from the far right of American politics have targeted religious and ethnic minorities, with a series of antigovernment militants, religious extremists, and lone-wolf mass shooters inspired by right-wing ideologies. The need to understand the nature and danger of far-right violence is greater than ever. In American Zealots, Arie Perliger provides a wide-ranging and rigorously researched overview of right-wing domestic terrorism. He analyzes its historical roots, characteristics, tactics, rhetoric, and organization, assessing the current and future trajectory of the use of violence by the far right. Perliger draws on a comprehensive dataset of more than 5,000 attacks and their perpetrators from 1990 through 2017 in order to explore key trends in American right-wing terrorism. He describes the entire ideological spectrum of the American far right, including today's white supremacists, antigovernment groups, and antiabortion fundamentalists, as well as the histories of the KKK, skinheads, and neo-Nazis. Based on these findings, Perliger suggests counterterrorism policies that can respond effectively to the far-right threat. ◫ *Fallout* John Solomon,Seamus Bruner,2020-07-14 This book is a MUST BUY! – President Donald J. Trump The Russia and Ukraine scandals are unraveled, corruption and greed exposed. No one is better at uncovering the truth than these two investigative journalists. – Gregg Jarrett, FOX News legal analyst and author of the #1 NYT bestsellers The Russia Hoax and Witch Hunt An exhaustively researched book that reads like an investigative thriller, Fallout reveals how Obama's "Russian Reset" led to corruption, scandal, and a desperate bid to impeach Donald Trump. In 2015, a major story broke exposing Hillary Clinton's role in approving the sale of American uranium assets to the Russian state nuclear agency, Rosatom. Not only did the sale of Uranium One put 20 percent of America's domestic uranium supply under the control of Vladimir Putin, there was also evidence that the Clintons themselves had hugely profited from the deal. When presidential candidate Donald Trump made Uranium One the centerpiece of his "Crooked Hillary" attacks, the Clinton team feared its potential to damage Hillary's campaign. Others in the Obama-Biden camp worried that if elected, Trump would expose their role in selling out America's security to Putin. Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign's purported ties to Russia. The infamous Steele dossier, produced by Clinton-connected Fusion GPS, sparked an investigation under FBI Director James Comey. Instead of ending after the election, the investigation grew bigger, eventually leading to Comey's firing and the appointment of Special Counsel Robert Mueller. When Mueller failed to find grounds for impeachment, Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office. This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried. An indispensable guide to the hidden background of recent events, Fallout shows how Putin's bid for nuclear dominance produced a series of political scandals that ultimately posed one of the greatest threats to our democracy in modern American history.
