Special Educational Needs and the Internet Chris Abbott, 2003-09-02 With Internet access for every school now a reality, teachers are beginning to explore the use of the Internet in the education of children with special needs. This book describes its benefits for children across the spectrum of special educational needs, from those with physical disabilities or sensory impairment to those with learning or social difficulties. With contributions from leading practitioners in the field, this book addresses the huge range of possibilities the Internet and associated technology offer for these pupils. Combining current theory and debate with practical guidance and inspiring case studies, this book considers: \* how the Internet can be used to gather and publish information \* how to communicate effectively through technology \* policy and management issues for schools \* the continuing challenges for access and inclusion. This book will be of interest to all teachers involved in special education needs, in both mainstream and special schools.

**The Bloomsbury Companion to Stanley Kubrick** I.Q. Hunter, Nathan Abrams, 2021-01-14 Stanley Kubrick is one of the most revered directors in

cinema history. His 13 films, including classics such as *Paths of Glory*, *2001: A Space Odyssey*, *A Clockwork Orange*, *Barry Lyndon*, and *The Shining*, attracted controversy, acclaim, a devoted cult following, and enormous critical interest. With this comprehensive guide to the key contexts - industrial and cultural, as well as aesthetic and critical - the themes of Kubrick's films sum up the current vibrant state of Kubrick studies. Bringing together an international team of leading scholars and emergent voices, this Companion provides comprehensive coverage of Stanley Kubrick's contribution to cinema. After a substantial introduction outlining Kubrick's life and career and the film's production and reception contexts, the volume consists of 39 contributions on key themes that both summarise previous work and offer new, often archive-based, state-of-the-art research. **Lesbian Love Addiction** Lauren D. Costine, 2015-11-05 Everyone makes mistakes

in relationships at one time or another. Sometimes they learn from those mistakes. Other times, they return to those behaviors and cycle through failed relationship after failed relationship. Sometimes those behaviors become an addiction to love that may leave a person feeling unhappy, unfulfilled, lonely, or worse. Lesbian Love Addiction: Understanding the Urge to Merge and How to Heal When Things go Wrong makes visible the elements of love addiction that many lesbians suffer from. Love addiction for lesbians comes in many forms. Some struggle by sexually acting out and others are serial relationship junkies, jumping from one relationship into the next. Some are addicted to the high of falling in love and once that wears off don't know how to handle the day-to-day realities of a committed relationship. Some are even addicted to fantasy and intrigue, while others are love avoidants and sexual anorexics. Love avoidants may be able to get into a relationship but once they are fully committed, struggle with feeling smothered. Others may avoid intimate or sexual relationships all together, becoming sexually anorexic. Some may even vacillate between all of these. The underlying component and common denominator in all of these scenarios is the "Urge to Merge." Lesbian Love Addiction is designed to help ameliorate at least part of this problem. Lauren D. Costine offers insight for lesbians, bisexual women in relationships with women, queer women, and more specifically, any woman who loves women, as well as their family and friends, and health care professionals, into the psychology of lesbian love addiction.

It will give those who struggle with and suffer from love addiction ways to understand, cope, and heal from this debilitating addiction. It will give those who work with this population new tools to use to do this more effectively. Mostly, it will help lesbians understand their relationship failures and how to heal from problems associated with them, so they may grow and cultivate happier, more fulfilling connections in the future.
