Robyn A. Berkley, David M. Kaplan

100 Greatest Cult Films Christopher J. Olson, 2018-04-12 The term “cult film” may be difficult to define, but one thing is certain: A cult film is any movie that has developed a rabid following for one reason or another. From highly influential works of pop art like *Eraserhead* and *Faster, Pussycat! Kill! Kill!* to trash masterpieces such as *Miami Connection* and *Fateful Findings*, thousands of movies have earned recognition as cult classics over the years, and new movies rise to cult status every year. So how do viewers searching for the best or most important cult films decide where to start? In *100 Greatest Cult Films*, Christopher J. Olson highlights the most provocative, intriguing, entertaining, and controversial films produced over the last century. The movies included here have either earned reputations as bona fide cult classics or have in some way impacted our understanding of cult cinema, often transcending traditional notions of “good” and “bad” while featuring memorable characters, unforgettably shocking scenes, and exceptionally quotable dialogue. With detailed arguments for why these films deserve to be considered among the greatest of all time, Olson provides readers fodder for debate and a jumping-off point for future watching. A thought-provoking and accessible look at dozens of cinematic “treasures,” this resource includes valuable information on the films, creators, and institutions that have shaped cult cinema. Ultimately, *The 100 Greatest Cult Films* offers readers—from casual cinephiles, film scholars, and avid fans alike—a chance to discover or re-discover some of the most memorable films of all time.

Strategic Training and Development Robyn A. Berkley, David M. Kaplan, 2019-07-31 *Strategic Training and Development* translates theory and research into practical applications and best practices for improving employee knowledge, skills, and behaviors.

Public Library Services for the Poor Leslie Edmonds Holt, Glen E. Holt, 2010-04-05 For many poor people, the library is their only resource for information, literacy, entertainment, language skills, employment help, free computer use, and even safety and shelter. Get concrete advice about programs and support for this group.

Phantom Billing, Fake Prescriptions, and the High Cost of Medicine Terry L. Leap, 2011-04-15 U.S. health care is a \$2.5 trillion system that accounts for more than 17 percent of the nation’s GDP. It is also highly susceptible to fraud. Estimates vary, but some observers believe that as much as 10 percent of all medical billing involves some type of fraud. In 2009, New York’s Medicaid fraud office recovered \$283 million and obtained 148 criminal convictions. In July 2010, the U.S. Justice Department charged nearly 100 patients, doctors, and health care executives in five states of bilking the Medicare system out of more than \$251 million through false claims for services that were medically unnecessary or never provided. These cases only hint at the scope of the problem. In *Phantom Billing, Fake Prescriptions, and the High Cost of Medicine*, Terry L. Leap takes on medical fraud and its economic, psychological, and social costs. Illustrated throughout with dozens of specific and often fascinating cases, this book covers a wide variety of crimes: kickbacks, illicit referrals, overcharging and double billing, upcoding, unbundling, rent-a-patient and pill-mill schemes, insurance scams, short-pilling, off-label marketing of pharmaceuticals, and rebate fraud, as well as criminal acts that enable this fraud (mail and wire fraud, conspiracy, and money laundering). After assessing the effectiveness of the federal laws designed to fight health care fraud and abuse—the antikickback statute, the Stark Law, the False Claims Act, HIPAA, and the food and drug laws—Leap suggests a number of ways that health care providers, consumers, insurers, and federal and state officials can bring health care fraud and abuse under control, thereby reducing the overall cost of medical care in America.

Sex, Violence, and Justice Aline H. Kalbian, 2014-04-03 In 1968, Pope Paul VI published *Humanae vitae*, the encyclical that reaffirmed the Catholic Church's continued opposition to the use of any form of artificial contraception. Aline Kalbian outlines the

Church's position against artificial contraception as principally rooted in three biblical commandments. Her deeper investigation into these issues helps show how discourses about sexuality, both in the Church and in culture more broadly, are often tied to discourses of violence, harm, and social injustice. Even the most tradition-bound communities rely on justificatory schemes that are fluid and diverse. This is especially the case with artificial contraception, an issue that is often difficult to categorize. Taking this diversity seriously helps us to understand how religious traditions change and develop.

Serving New Immigrant Communities in the Library Sondra Cuban, 2007-04-30 Build strong bridges with new members of your community. With this insightful guide, you will learn how to assess your current organizational performance with immigrants, gather data, and use that information to gain support for organizational initiatives. You will also discover how to adapt policies to better fit changing needs, overcome language barriers, develop public relations strategies that reach immigrants, and build culturally relevant collections, services, and programs for a changing community. Filled with quotes, anecdotes, and profiles from the author's research with immigrant communities, the book provides both a positive vision and practical plan for serving immigrants in your library, school, or organization.

Library Services for Immigrants: A Report on Current Practices, 4 classic titles in a stunning illustrated, hardback and cloth bound edition

Good Beer Guide Roger Protz, 2011-09-15 Britain's best-selling and fully independent beer & pub guide is back with updated listings for 2012.

Maastricht Journal of European and Comparative Law, 1998

After Morgentaler Rachael Johnstone, 2017-09-15 The landmark decision R. v. Morgentaler (1988) struck down Canada's abortion law and is widely believed to have established a right to abortion, but its actual impact is much less decisive. In *After Morgentaler*, Rachael Johnstone examines the state of abortion access in Canada today and argues that substantive access is essential to full citizenship for women. Using case studies, Johnstone assesses the role of both state and non-state actors in shaping access. This book affirms the need to recognize abortion as an issue fundamentally tied to women's equality, while stressing the utility of rights claims to improve access.

Pearl Harbor Attack United States. Congress. Joint Committee on the Investigation of the Pearl Harbor Attack, 1946

21st Century Education: A Reference Handbook Thomas L Good, 2008-10-02 Via 100 entries or 'mini-chapters,' the SAGE 21st Century Reference Series volumes on Education will highlight the most important topics, issues, questions, and debates any student obtaining a degree in the field of education ought to have mastered for effectiveness in the 21st Century.

Funding Evil Rachel Ehrenfeld, 2005 A noted expert on terrorism uncovers the clandestine and sinister ways that Islamic terrorist groups finance their global network. Dr. Ehrenfeld's investigation also details how undetected billions of dollars are spent to bring about chaos and destabilization.

Don't Hurry Me Down to Hades Susannah Ural, 2013-10-20 Filled with diverse letters and diary entries from the archives and rich resources across America, *Don't Hurry Me*

Down to Hades sheds new light on the military events, politics, and personal sacrifices experienced during the War Between the States. For four years American families on both sides of the Mason-Dixon Line were forced to endure the violence and hardship of the Civil War. This is the story of these families, expertly crafted from their own words. Revealing the innermost thoughts of both famous citizens and men and women forgotten by history, esteemed Civil War historian Susannah J. Ural explores life on the battlefield and the home front, capturing the astonishing perseverance of the men and women caught up in this most brutal of conflicts.

Ensnared by AIDS David K. Beine, 2016-11-16 How people make sense of illness is, in part, culturally determined. Existing community beliefs and presuppositions are organized as cultural models, which “make meaning” of new situations such as the HIV/AIDS epidemic. These cultural constructions can also contribute to the spread of the epidemic. This volume examines the meaning and cultural contexts of HIV/AIDS in Nepal, where AIDS is relatively new and rapidly growing. -- David K. Beine

Tunisia's International Relations since the 'Arab Spring' Tasnim Abderrahim, Laura-Theresa Krüger, Salma Besbes, Katharina McLarren, 2017-09-22 When popular protests started in Tunisia in late 2010, few anticipated the implications these events would have for the entire Arab region. In the following years, this region witnessed deep changes, increased divisions, and even failing states. Meanwhile, Tunisia managed to assert itself as a new democracy. How did this small country manage its democratic transition within such a short period? And what implications has this had for its foreign policy and its role in international politics? This book assesses Tunisia's transition ‘inside and out’ from four angles: Tunisian polity and politics which provide the framework for its foreign policy since the ‘Arab Spring’; bilateral relations before and after the ‘Arab Spring’; Tunisia's activism in international organisations as well as their presence in Tunisia; and transnational issues in Tunisia. Drawing on a broad range of primary sources, including authors' own interview material conducted with politicians and representatives of civil society and international NGOs involved in the transition process, the book shows that since 2011 Tunisia has not only developed fundamentally at the domestic level, but also at the level of external relations. New and old alliances, a broadening of relations, and new activism of civil society and of Tunisia in international organisations certify that Tunisia has the potential to play an increasingly important role regionally as well as internationally. Providing an encompassing picture of Tunisia's changed role and successful transition from an autocracy to a democracy, the book allows students and scholars in the field to understand the ‘last country standing’ better, a country that both the scientific community and the political scene should not underestimate for the promises it holds.

Methods and Resources for Elementary and Middle-school Social Studies

James W. Stockard, 2001

Understanding Environmental Pollution Marquita K. Hill, 2020-07-09 This undergraduate textbook examines environmental pollution ranging from our homes to the global environment. Completely updated and with over 50% new and rewritten material, this new edition assesses the international scope of pollution, including water, climate change, acidification, energy, solid and hazardous waste, persistent chemicals, and pesticides. The pollutants of current major concern are examined, including plastics and electronic waste. Both the impacts and the sources of pollution are addressed, as well as governmental, corporate, and personal responsibility for pollution. Pollution prevention is emphasized throughout, but students will come to see that prevention is not enough. The text moves on to examine a circular economy with closed-loop systems, where by-products are reused, wastes become raw materials, water is recycled, and energy is recovered from waste energy. Understanding Environmental Pollution engages students with the idea that

humanity holds the tools to confronting the daunting pollution issues by considering a circular economy.

Beginning Tap Dance Lisa Lewis, 2023-08-03 Beginning Tap Dance With HKPropel Access introduces students to tap dance techniques and cultivates an appreciation of tap dance as a performing art. Focusing on novice dancers, experienced tap dancer and dance instructor Lisa Lewis offers step-by-step instruction to help beginning tap dancers match the beat of their enthusiasm to the rhythm of their feet! Designed for students enrolled in introductory tap dance courses, Beginning Tap Dance contains concise descriptions of exercises, steps, and techniques. Related online tools delivered via HKPropel feature more than 70 video clips of tap steps with verbal cues to help students review content from class or learn other beginning steps. It also contains learning features to support and extend students' knowledge of tap dance, including assignments, e-journaling prompts, tests of tap dance terminology, a glossary, and links to further study. The book introduces the dance form by detailing its physical and mental benefits. Students learn about etiquette, proper attire, class expectations, health, and injury prevention for dancers. After basic dance steps are introduced, tap steps are presented in groups with one, two, three, and four or more sounds. Chapters also introduce students to the history, major works, artists, styles, and aesthetics of tap dance as a performing art. Beginning Tap Dance is ideal to support both academic and kinesthetic learning. Instructions, photos, and video clips of techniques help students practice outside of class. The text and online learning tools complement studio teaching by providing historical, artistic, and practical knowledge of tap dance plus activities, assessments, and support in skill acquisition. With Beginning Tap Dance, students can learn and enjoy performing tap dance as they gain an appreciation of the dance form. Beginning Tap Dance is a part of Human Kinetics' Interactive Dance Series. The series includes resources for ballet, modern, tap, jazz, musical theatre, and hip-hop dance that support introductory dance technique courses taught through dance, physical education, and fine arts departments. Each student-friendly text has related online learning tools including video clips of dance instruction, assignments, and activities. The Interactive Dance Series offers students a collection of guides to learning, performing, and viewing dance. A code for accessing HKPropel is included with this ebook.

Enjoying the Song of Term: An Psychological Symphony within **Tap.htm**

In some sort of taken by screens and the ceaseless chatter of instant interaction, the melodic beauty and emotional symphony produced by the written term frequently fade into the back ground, eclipsed by the constant sound and disruptions that permeate our lives. But, set within the pages of **Tap.htm** a wonderful fictional value brimming with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, this charming masterpiece conducts readers on an emotional journey, skillfully unraveling the concealed tunes and profound affect resonating within each carefully constructed phrase. Within the depths of this moving evaluation, we can examine the book is central harmonies, analyze its enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
