Game Master: Mansion Mystery Rebecca Zamolo, Matt Slays, 2022-03-01 New York Times bestselling authors and creators of the mega-popular YouTube series Game Master Network Matt and Rebecca Zamolo return with a brand-new adventure about everyone's favorite mystery-solving team. Rebecca Zamolo has managed to foil the Game Master's plans before, but this time the Game Master has snake-napped Nacho, her good friend Miguel's pet. No way is Becca going to let the Game Master get away with this dastardly plan. But when the clues lead Becca and her new friends in the direction of the one house in their entire neighborhood that none of them ever want to go near, they know they have no choice but to screw up their courage and dare to investigate, if they want to rescue Nacho. But the problem is that getting into the superspooky house is way easier than getting out. The Game Master is up to their old tricks, and Becca, Matt, Kylie, Frankie, and Miguel are going to have to face their fears and use all their smarts and strengths to solve the puzzles and games and save the day. Mansion Mystery is another action-packed adventure from New York Times bestselling authors and super-sleuthing team Rebecca and Matt Zamolo, stars of the hugely popular Game Master Network. Read the book and unlock special clues that will open exclusive content online!

iPod, YouTube, Wii Play Dr. Brent Laytham, 2012-10-10 Should Christians w00t or wail about the scope and power of modern entertainment? Maybe both. But first, Christians should think theologically about our human passion to be entertained as it relates to the popular culture that entertains us. Avoiding the one-size-fits-all celebrations and condemnations that characterize the current fad of pop culture analyses, this book engages entertainments case by case, uncovering the imaginative patterns and shaping power of our amusements. Individual chapters weave together analyses of entertainment forms, formats, technologies, trends, contents, and audiences to display entertainment as a multifaceted formational ecology.

Don1, the King from Queens Louie Gasparro, 2014-03-28 Among the famous graffiti artists from New York City's 1970s subway era was an unassuming talent from the unassuming borough of Queens. The Italian-American rock and roller who wrote DON 1 MAFIA blasted onto the scene like a meteorite out of nowhere. His influence on this art form transcended the inner city and he became a legend and a household name. But his descent from the top of this name game, a result of the hedonistic lifestyle of New York City at the time, was just as swift, and for years DON1 has lived in obscurity. Fortunately, as a photographer studying at the prestigious school of Art and Design, DON1 documented his iconic work, along with that of his well known contemporaries, using his trusted 35mm camera. This penetrating work takes the reader inside the supernova that was DON1's creative life with nearly 200 never before seen graffiti photos of the most undocumented NYC train lines and an even rarer glimpse at work from his black book.

Iranian Music and Popular Entertainment GJ Breyley, Sasan Fatemi, 2015-11-19 The word motreb finds its roots in the Arabic verb taraba, meaning 'to make happy.' Originally denoting all musicians in Iran, motrebi came to be associated, pejoratively, with the cheerful vulgarity of the lowbrow entertainer. In Iranian Music and Popular Entertainment, GJ Breyley and Sasan Fatemi examine the historically overlooked motrebi milieu, with its marginalized characters, from luti to gardan koloft and mashti, as well as the tenacity of motreb who continued their careers against all odds. They then turn to losanjelesi, the most pervasive form of Iranian popular music that developed as motrebi declined, and related musical forms in Iran and its diasporic popular cultural centre, Los Angeles. For the first time in English, the book makes available musical transcriptions, analysis and lyrics that illustrate the complexities of this history. As it presents the findings of the authors' years of ethnographic work with the history's protagonists, from senior motreb to pop-rock stars, the book reveals parallels between the decline of motrebi and the rise of 'modernity.' In the twentieth century, the fate of Tehran's motrebi music was shaped by the social and urban polarization that ensued from the modern market economy, and losanjelesi would be similarly affected by transnational relations, revolution, war and migration. Through its detailed and informed examination of Iranian popular music, this study reveals much about the values and anxieties of Iranian society, and is a valuable resource for students and scholars of Iranian society and history.

The Lorax Dr. Seuss, 2013-09-24 Celebrate Earth Day with Dr. Seuss and the Lorax in this classic picture book about protecting the environment! I am the Lorax. I speak for the trees. Dr. Seuss's beloved story teaches kids to speak up and stand up for those who can't. With a recycling-friendly "Go Green" message, The Lorax allows young readers to experience the beauty of the Truffula Trees and the danger of taking our earth for granted, all in a story that is timely, playful and hopeful. The book's final pages teach us that just one small seed, or one small child, can make a difference. Printed on recycled paper, this book is the perfect gift for Earth Day and for any child—or child at heart—who is interested in recycling, advocacy and the environment, or just loves nature and playing outside. Unless someone like you cares a whole awful lot, nothing is going to get better. It's not. "Pretty much all the stuff you need to know is in Dr. Seuss." -President Barack Obama

Out Online: Trans Self-Representation and Community Building on YouTube Tobias Raun, 2016-05-05 Trans people are increasingly stepping out of the shadow of pathologization and secretiveness to tell their life stories, share information and to connect with like-minded others, using YouTube as a platform. Out Online: Trans Self-Representation and Community Building on YouTube explores the digital revolution of trans video blogging, addressing 'trans' in its many meanings and configurations to examine the different ways in which the body in transformation and the vlog as a medium intersect. Drawing on rich, virtual ethnographic studies of trans video blogging, the author sheds light on the ways in which the video blog (or 'vlog') as a multimodal medium enables trans people to tell their stories with the use of sound, text, music, and pictures - thus offering new ways to construct and archive bodily changes, and to revise the story endlessly. A groundbreaking study of the intersection between trans identity and technology, Out Online explores the transformative and therapeutic potential of the video blog as a means by which trans vloggers can emerge and develop online, using the vlog as a site for creation, intervention, community building and resistance. As such, it will appeal to social scientists and scholars of cultural and media studies with interests in gender, sexuality and embodiment.

Rejection Proof Jia Jiang, 2015-04-14 An entertaining and inspiring account of conquering the fear of rejection, offering a completely new perspective on how to turn a no into a yes. Jia Jiang came to the United States with the dream of being the next Bill Gates. But despite early success in the corporate world, his first attempt to pursue his entrepreneurial dream ended in rejection. Jia was crushed, and spiraled into a period of deep self doubt. But he realized that his fear of rejection was a bigger obstacle than any single rejection would ever be, and he needed to find a way to cope with being told no without letting it destroy him. Thus was born his 100 days of rejection experiment, during which he willfully sought rejection on a daily basis--from requesting a lesson in sales from a car salesman (no) to asking a flight attendant if he could make an announcement on the loud speaker (yes) to his famous request to get Krispy Kreme doughnuts in the shape of Olympic rings (yes, with a viral video to prove it). Jia learned that even the most preposterous wish may be granted if you ask in the right way, and shares the secret of successful asking, how to pick targets, and how to tell when an initial no can be converted into something positive. But more important, he learned techniques for steeling himself against rejection and ways to develop his own confidence--a plan that can't be derailed by a single setback. Filled with great stories and valuable insight, Rejection Proof is a fun and thoughtful examination of how to overcome fear and dare to live more boldly.

The Invisible Gorilla Christopher Chabris, Daniel Simons, 2011-06-07 Reading this book will make you less sure of yourself—and that's a good thing. In The Invisible Gorilla, Christopher Chabris and Daniel Simons, creators of one of psychology's most famous experiments, use remarkable stories and counterintuitive scientific findings to demonstrate an important truth: Our minds don't work the way we think they do. We think we see ourselves and the world as they really are, but we're actually missing a whole lot. Chabris and Simons combine the work of other researchers with their own findings on attention, perception, memory, and reasoning to reveal how faulty intuitions often get us into trouble. In the process, they explain:

- Why a company would spend billions to launch a product that its own analysts know will fail
- How a police officer could run right past a brutal assault without seeing it
- Why award-winning movies are full of editing mistakes
- What criminals have in common with chess masters
- Why measles and other childhood diseases are making a comeback
- Why money managers could learn a lot from weather forecasters

Again and again, we think we experience and understand the world as it is, but our thoughts are beset by everyday illusions. We write traffic laws and

build criminal cases on the assumption that people will notice when something unusual happens right in front of them. We're sure we know where we were on 9/11, falsely believing that vivid memories are seared into our minds with perfect fidelity. And as a society, we spend billions on devices to train our brains because we're continually tempted by the lure of quick fixes and effortless self-improvement. The Invisible Gorilla reveals the myriad ways that our intuitions can deceive us, but it's much more than a catalog of human failings. Chabris and Simons explain why we succumb to these everyday illusions and what we can do to inoculate ourselves against their effects. Ultimately, the book provides a kind of x-ray vision into our own minds, making it possible to pierce the veil of illusions that clouds our thoughts and to think clearly for perhaps the first time.

The Art Of Seduction Robert Greene,2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Nihilism and Technology Nolen Gertz,2018-06-20 This book brings together the philosophies of technology and nihilism to investigate how we use technologies, from Netflix and Fitbit to Twitter and Google. It diagnoses how technologies are nihilistic and how our nihilism has become technological.

YouTube Jean Burgess,Joshua Green,2018-08-28 Since launching as a website for everyday video-sharing in 2005, YouTube has become one of the world's most powerful digital media platforms. Originally published in 2009 when YouTube was only four years old, this book was the first to systematically investigate its cultural impacts and politics, highlighting the productive tensions between its amateur community rhetoric and its commercial media logics. Since then, YouTube has grown as a platform and matured as a company. Its business model is built on coordinating the interests of and extracting value from its content creators, audiences, advertisers and media partners, in a commercial setting where YouTube now competes with other powerful social media and streaming television platforms. Meanwhile, YouTube's diverse communities of content creators, who developed the platform's most distinctive cultural forms and genres, have strong ideas and interests of their own. While preserving the original edition's forensic analysis of YouTube's early popular culture and uses, this fully revised and updated edition weaves fresh examples, updated theoretical perspectives and comparative historical insights throughout each of its six chapters. Burgess and Green show how, over its more than a decade of existence, YouTube's dual logics of commerciality and community have persisted, generating new genres of popular culture, new professional identities and business models for the media industries, and giving rise to ongoing platform governance challenges. The book is essential reading for anyone interested in the contemporary and future implications of digital media platforms and will be particularly valuable for students and scholars in media, communication and cultural studies.

The Final Countdown Vol.2 Billy Crone,2017-08-10 Because God loves us, He has given us many warning signs to show us that the 7-year Tribulation is near and that the return of Jesus Christ is rapidly approaching. Therefore, The Final Countdown takes a look at 10 signs given by God to lovingly wake us up so we'd give our lives to Him before it's too late. These signs are the Jewish People, Modern Technology, Worldwide Upheaval, The Rise of Falsehood, The Rise of Wickedness, The Rise of Apostasy, One World Religion, One World Government, One World Economy, and The Mark of the Beast. Like it or not, we are headed for The Final Countdown. Please, if you've haven't already done so, give your life to Jesus today, because tomorrow may be too late!

Watching Jazz Björn Heile,Peter Elsdon,Jenny Doctor,2016-05-31 Watching Jazz: Encounters with Jazz Performance on Screen is the first systematic study of jazz on screen media. Where earlier studies have focused almost entirely on the role and portrayal of jazz in Hollywood film, the present book engages with a plethora of technologies and media from early film and soundies through television to recent developments in digital technologies and online media. Likewise, the authors discuss jazz in the widest sense, ranging from Duke Ellington and Jimmy Dorsey through the likes of Dizzy Gillespie, Art Blakey, Oscar Peterson, Miles Davis, John Coltrane and Charles Mingus to Pat Metheny. Much of this rich and fascinating material has never been studied in depth before, and what emerges most clearly are the manifold connections between the music and the media on which it was and is being recorded. Its long association with film and television has left its trace in jazz, just as online and social media are subtly shaping it now. Vice versa, visual media have always benefited from focusing on music and this significantly affected their development. The book follows these interrelations, showing how jazz was presented and represented on screen and what this tells us about the music, the people who made it and their audiences. The result is a new approach to jazz and the media, which will be required reading for students of both fields.

The American Economy [2 volumes] Cynthia Clark,2011-03-11 A compelling compilation of short entries, longer topical essays, and primary source documents that chronicles the historical development of the United States from an economic perspective. Based on a work originally published in 2003, The American Economy: A Historical Encyclopedia has been thoroughly updated with information on the accounting scandals of the early 2000s and the recession of 2008, including the government stimulus and bailout programs and the recession's impact on key markets. With more than 600 short entries, 31 longer essays, and 32 primary source documents, the encyclopedia spans American history from colonial times to the present. Researchers will discover detailed information on people, events, and government actions that have shaped our economy, with entries on such seminal issues as slavery, migration patterns, the welfare state, the rise of the city, and the development of financial institutions. Throughout, special attention is paid to the interdependence of economics with political, social, and cultural forces. Covering everything from the national debt to monetary policy, law, unemployment, inflation, and government/business relations, this work is the ideal go-to resource for quick answers, in-depth analysis, or direction for further research.

The Audio Expert Ethan Winer,2012-11-12 The Audio Expert is a comprehensive reference that covers all aspects of audio, with many practical, as well as theoretical, explanations. Providing in-depth descriptions of how audio really works, using common sense plain-English explanations and mechanical analogies with minimal math, the book is written for people who want to understand audio at the deepest, most technical level, without needing an engineering degree. It's presented in an easy-to-read, conversational tone, and includes more than 400 figures and photos augmenting the text. The Audio Expert takes the intermediate to advanced recording engineer or audiophile and makes you an expert. The book goes far beyond merely explaining how audio works. It brings together the concepts of audio, aural perception, musical instrument physics, acoustics, and basic electronics, showing how they're intimately related. Describing in great detail many of the practices and techniques used by recording and mixing engineers, the topics include video production and computers. Rather than merely showing how to use audio devices such as equalizers and compressors, Ethan Winer explains how they work internally, and how they are spec'd and tested. Most explanations are platform-agnostic, applying equally to Windows and Mac operating systems, and to most software and hardware. TheAudioExpertbook.com, the companion website, has audio and video examples to better present complex topics such as vibration and resonance. There are also videos demonstrating editing techniques and audio processing, as well as interviews with skilled musicians demonstrating their instruments and playing techniques.

Little Tree Loren Long,2015-10-27 For graduates, for their parents, for anyone facing change, here is a gorgeously illustrated and stunningly heartfelt ode to the challenges of growing up and letting go. A story of

the seasons and stepping stones as poignant for parents as for their kids, from the creator of Otis the tractor and illustrator of Love by Matt de la Pena. Long’s gentle but powerful story about a young tree who holds tight to his leaves, even as everyone else lets theirs drop, takes on nothing less than the pain and sorrow of growing up. . . . As in Long’s unaccountably profound books about Otis the tractor, a pure white background somehow adds to the depth.—The New York Times Book Review In the middle of a little forest, there lives a Little Tree who loves his life and the splendid leaves that keep him cool in the heat of long summer days. Life is perfect just the way it is. Autumn arrives, and with it the cool winds that ruffle Little Tree's leaves. One by one the other trees drop their leaves, facing the cold of winter head on. But not Little Tree—he hugs his leaves as tightly as he can. Year after year Little Tree remains unchanged, despite words of encouragement from a squirrel, a fawn, and a fox, his leaves having long since turned brown and withered. As Little Tree sits in the shadow of the other trees, now grown sturdy and tall as though to touch the sun, he remembers when they were all the same size. And he knows he has an important decision to make. From #1 New York Times bestselling Loren Long comes a gorgeously-illustrated story that challenges each of us to have the courage to let go and to reach for the sun. Praise for Little Tree * The illustrations are beautifully rendered . . . Understated and inviting, young readers will be entranced by Little Tree’s difficult but ultimately rewarding journey.—Booklist, starred review Long’s gentle but powerful story about a young tree who holds tight to his leaves, even as everyone else lets theirs drop, takes on nothing less than the pain and sorrow of growing up. Season after season, Little Tree clings to his brown-leaved self until he can take a leap and shed his protection. He feels ‘the harsh cold of winter,’ but soon grows tall and green, and it’s not bad at all. As in Long’s unaccountably profound books about Otis the tractor, a pure white background somehow adds to the depth.—The New York Times Book Review * [Long's] willingness to take his time and even test the audience’s patience with his arboreal hero’s intransigence results in an ending that’s both a big relief and an authentic triumph. Long’s earnest-eloquent narrative voice and distilled, single-plane drawings, both reminiscent of an allegorical pageant, acknowledge the reality of the struggle while offering the promise of brighter days ahead.—Publishers Weekly, starred review Long is sparing with the text, keeping it simple and beautifully descriptive. Brilliantly colored illustrations done in acrylic, ink, and pencil stand out on bright white pages, with Little Tree taking the center position in each double-page spread. Tender and gentle and altogether lovely.—Kirkus Reviews Children will see the tree facing the scariness of change; adult readers may well feel wistful as the story underscores the need to let their babies grow toward independence. Beautiful. Grade: A—Cleveland Plain Dealer

The Art Journal Workshop Traci Bunkers,2011-03 With beautiful illustrations, The Art Journal Workshop breaks down the entire working process of journaling with step-by-step photos and instructions from start to finish--Www.ebay.co.uk.

YouTubers Chris Stokel-Walker,2019-05-02 Two billion people now watch YouTube. Yet stars such as KSI and PewDiePie mystify many. What is the secret of their appeal? How do they cope with being in front of the lens? And who is behind their success? Chris Stokel-Walker has spoken to more than 100 insiders for this – the first independent, in-depth book on YouTube. He charts its rise from single home video to global boom industry, while getting the facts on brand deals, burnout and authenticity. Delve into the real lives of YouTubers, discover their true impact on society, and see the future of social media.

Shakespeare and YouTube Stephen O'Neill,2014-04-24 The video-sharing platform YouTube signals exciting opportunities and challenges for Shakespeare studies. As patron, distributor and archive, YouTube occasions new forms of user-generated Shakespeares, yet a reduced Bard too, subject to the distractions of the contemporary networked mediascape. This book identifies the genres of YouTube Shakespeare, interpreting them through theories of remediation and media convergence and as indices of Shakespeare's shifting cultural meanings. Exploring the intersection of YouTube's participatory culture – its invitation to 'Broadcast Yourself' – with its corporate logic, the book argues that YouTube Shakespeare is a site of productive tension between new forms of self-expression and the homogenizing effects of mass culture. Stephen O'Neill unfolds the range of YouTube's Bardic productions to elaborate on their potential as teaching and learning resources. The book importantly argues for a critical media literacy, one that attends to identity constructions and to the politics of race and gender as they emerge through Shakespeare's new media forms. Shakespeare and YouTube will be of interest to students and scholars of Shakespearean drama, poetry and adaptations, as well as to new media studies.

The Final Countdown Tribulation Rising Vol.2 Modern Technology Billy Crone,2019-10-10 It's something we use every single day and don't even think about. Yet our very quality of life is determined by it and younger generations are totally enthralled with it. In fact, we are not only immersed in it twenty-four hours a day 7 days a week, but we have become completely dependent upon it for just about every aspect of our daily lives. It's called Modern Technology and little do people realize that it's a major mega sign that we are living in the last days. Therefore, this book, The Final Countdown: Tribulation Rising Vol.2 Modern Technology seeks to equip you the reader with the multitude of prophetic signs concerning the rise of Modern Technology and its Biblical ramifications showing us just how close the Return of Jesus Christ truly is. Such amazing prophetic signs you'll discover are: The Increase of Global Travel, Mark of the Beast Tech, Global Communication, Big Brother Tech, Global Distribution, Holograms & 3-D Printing, Cashless Society and Restless Society.

Watching Youtube.htm Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Watching Youtube.htm PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF

generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Watching Youtube.htm PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Watching Youtube.htm free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Watching Youtube.htm Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Watching Youtube.htm is one of the best book in our library for free trial. We provide copy of Watching Youtube.htm in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Watching Youtube.htm. Where to download Watching Youtube.htm online for free? Are you looking for Watching Youtube.htm PDF? This is definitely going to save you time and cash in something you should think about.
