**Making the Library Accessible for All** Jane Vincent,2014-04-15 Accessibility is becoming an issue that libraries can no longer ignore. Making the Library Accessible for All provides a holistic guide to accessibility that addresses common issues and gives strategies for responding to unique situations. This book is a single-source guide relevant to all library functions that librarians can easily refer to when planning, remediating, or evaluating for accessibility. It has a unique holistic perspective, as well as an emphasis on perceiving people with disabilities as providing resources to meet a common goal rather than as a population to be “served.”

**Creating a Web Page in Dreamweaver** Nolan Hester,2005 Sure, the University of Rochester Medical Center used Dreamweaver MX 2004 to rebuild its vast medical library Web site, but all you want to do with it is create a simple Web page! This book is for you-and anyone else who wants to get from start to finish fast on their first Dreamweaver projects. As part of Peachpit's brand-new Visual QuickProject series, this slim, four-color volume recognizes that many of today's busy Dreamweaver users don't necessarily need or want to know about every single feature: Like you, they just want the quickest route to a functional, friendly site. This book provides that by focusing on a single project-a Web page-that you build as you go. Each short chapter uses full-page-width screen shots and step-by-step instructions to distill one aspect of this process-so that by the end of the volume users will have created a simple Web site, filled it with text and graphics, added navigation and links, and tested and posted the final product.

**Technology for Facilitating Humanity and Combating Social Deviations: Interdisciplinary Perspectives** Vargas Martin, Miguel,Garcia-Ruiz, Miguel A.,Edwards, Arthur,2010-10-31 Technology has been used to perpetrate crimes against humans, animals, and the environment, which include racism, cyber-bulling, illegal pornography, torture, illegal trade of exotic species, irresponsible waste disposal, and other harmful aberrations of human behavior. Technology for Facilitating Humanity and Combating Social Deviations: Interdisciplinary Perspectives provides a state-of-the-art compendium of research and development on socio-technical approaches to support the prevention, mitigation, and elimination of social deviations with the help of computer science and technology. This book provides historical backgrounds, experimental studies, and future perspectives on the use of computing tools to prevent and deal with physical, psychological and social problems that impact society as a whole.

**Windows Installation and Update Troubleshooting** Chris Rhodes,Andrew Bettany,2016-10-12 Understand, troubleshoot and repair issues with local Windows installations, automating the OS deployment and configuring updates via WSUS and Windows Intune. When tasked with deploying Windows operating systems, there can seem to be an overwhelming amount of tools and techniques to learn to master this process. Whether you are installing a new Windows operating system locally, or looking to deploy a customized build to 1000s of devices in your network, you will need to understand how to do this successfully and reliably. This book steps up through local installations and upgrades through to Lite Touch deployments using WDS and MDT, and then to Zero Touch installations using Microsoft System Center. Management of updates to Windows is also covered, using both on-premises technologies and cloud-based services. In this book you'll learn how to decide between local installation types, perform upgrades, use automation techniques to deploy images and how to maintain Windows throughout the operational phase of the lifecycle. What You'll Learn Install Windows 7, 8.1, or 10 locally Perform upgrades locally on a Windows PC, including migrating data and user profiles Deploy operating systems using Lite Touch techniques Deploy operating systems using Zero Touch technologies Maintain on-premises and devices not connected to the company network by using WSUS and Windows Intune Who This Book Is For IT pros including IT support personnel and system administrators. This book will also be of interest to Windows experts and power users.
