Dead Lies Dreaming Charles Stross,2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' *Dead Lies Dreaming: A Laundry Files Novel*. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”— she is dragged into the schemes of louché billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true Necronomicon is up for underground auction in London. He hires Imp’s sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. German and Dutch in Contrast Gunther Vogelaer, Dietha Koster, Torsten Leuschner, 2020-03-09 Designed as a contribution to contrastive linguistics, the present volume brings up-to-date the comparison of German with its closest neighbour, Dutch, and other Germanic relatives like English, Afrikaans, and the Scandinavian languages. It takes its inspiration from the idea of a Germanic Sandwich, i.e. the hypothesis that sets of genetically related languages diverge in systematic ways in diverse domains of the linguistic system. Its contributions set out to test this approach against new phenomena or data from synchronic, diachronic and, for the first time in a Sandwich-related volume, psycholinguistic perspectives. With topics ranging from nickname formation to the IPP (aka 'Ersatzinfinitiv'), from the grammaticalisation of the definite article to /s/-retraction, and from the role of verb-second order in the acquisition of L2 English to the psycholinguistics of gender, the volume appeals to students and specialists in modern and historical linguistics, psycholinguistics, translation studies, language pedagogy and cognitive science, providing a wealth of fresh insights into the relationships of German with its closest relatives while highlighting the potential inherent in the integration of different methodological traditions.

Saturday Night Live, Hollywood Comedy, and American Culture J. Whalley, 2010-06-21 Saturday Night Live, Hollywood Comedy, and American Culture sheds new light on the ways in which Saturday Night Live's confrontational, boundary-pushing approach spilled over into film production, contributing to some of the biggest hits in Hollywood history, such as National Lampoon's Animal House, Ghostbusters, and Beverly Hills Cop. Jim Whalley also considers how SNL has adapted to meet the needs of subsequent generations, launching the film careers of Mike Myers, Adam Sandler, Will Ferrell and others in the process. Supported by extensive archival research, some of Hollywood's most popular comedians are placed into the contexts of film and television comic traditions and social and cultural trends in American life.

The Cult of Tara Stephan Beyer,2023-11-10 The real history of man is the history of religion. The truth of the famous dictum of Max Muller, the father of the History of Religions, is nowhere so obvious as in Tibet. Western students have observed that religion and magic pervade not only the forms of Tibetan art, politics, and society, but also every detail of ordinary human existence. And what is the all-pervading religion of Tibet? The Buddhism of that country has been described to us, of course, but that does not mean the question has been answered. The unique importance of Stephan Beyer's work is that it presents the vital material ignored or slighted by others: the living ritual of Tibetan Buddhists. The reader is made a witness to cultic proceedings through which the author guides him carefully. He does not force one to accept easy explanations nor does he direct one's attention only to aspects that can be counted on to please. He leads one step by step, without omitting anything, through entire rituals, and interprets whenever necessary without being unduly obtrusive. Oftentimes, as in the case of the many hymns to the goddess Tara, the superb translations speak directly to the reader, and it is indeed as if the reader himself were present at the ritual.
