Jadoo John A. Keel,2013 Someone, we know not who, once called Jadoo the greatest book ever written on the black magic of the Orient. But we do know that there will never again be another book like it. Jadoo, a Hindi word meaning Black Magic, captures a world that is now lost to us-the strange, dark, mysterious world that was once called the Orient. This story of a real-life Indiana Jones of the 1950s named John Keel contains everything but a trip to Venus in a flying saucer--a subject our newsman/explorer would become famous for a decade later. In Egypt, the fearless Keel was cursed by a mummy and befriended members of a strange snake-charming cult. In Iraq, he played Russian roulette with a notorious desert bandit and lived among the Yezidi devil-worshippers. Later, in India, he was buried alive and discovered the secret of the Indian rope trick, which he then performed for incredulous reporters in New Delhi. And in a riveting finale, he chased the Abominable Snowman through the little known Himalayan kingdom of Sikkim before being unceremoniously booted out of Singapore for being an undesirable alien. This new edition contains material never before published. One of the most traveled and imaginative raconteurs since Baron Munchausen. -- San Francisco Examiner Here is a fireside adventure with a chill in it. -- Buffalo Evening News A fabulous tour of Egypt, the Middle East, India, and Tibet. -- Hartford Times ... a combination of cliff-hanging experiences with serious probing for the bizarre, the secretive, and the enigmatic. -- Kirkus

F Power Mode Fitness Mehrshad Dave,2016-12-26 F Power Mode Fitness Systematic workout Program for no doubt gives you the best results to achieving a fit body but challenging yourself with new exercises and workouts is a different discussion. When your body gets used to a specific workout program, it loses its effectiveness. For example if you do sit-ups every day in a month and increase the number of reps as days pass, not only it doesn't help your body to burn fats and build muscles, but it makes this exercise easy for your body and it loses its effectiveness. If you always get your body in to new challenges and learn more exercises, for sure, your body is going to be fit. In this book we challenge you and your body to new workouts and exercises. All of the body parts, legs, abs, and upper body... have been categorized in their own section and each section consists of steps. Each step is different from each other and is a challenge for you. From step 1 as you go forward you face new exercises and different levels of reps for each exercise which has been divided to 3 Modes: Minimum, Middle, and Maximum. Each step is a prerequisite for the next one. If you find a step hard, don't rush ahead to the next step. Just practice this one in your workout till you get comfortable with it and then go for the next step. Choose your Specific Body Type workout program that suits your body. Follow along with our workout program and know that if you are serious to be fit, you are in the right way. Remember, always challenge yourself.
