Detective Constable Evan Evans and his new bride, Bronwen, are settling into married life in their little cottage above the village of Llanfair when they meet the daughter of one of the village's newest families, a sixteen-year-old Pakistani girl named Jamila. Bronwen and Jamila are becoming good friends when Jamila finds out from her parents that they have arranged a marriage for her back in Pakistan. Evans tries to convince her family not to enforce the custom, arguing that Jamila is a normal Welsh teenager, but just as the tensions increase, the girl suddenly vanishes. Bronwen is distraught, but there's no trace of her. At work, Evans is investigating the murder of a man shot to death through the open window of his home while eating breakfast. After the man's wife is jailed as a suspect, a second man is killed---and then a third---and Evans and his team are on the hunt for a serial killer. Gems of Geometry John Barnes, 2012-08-17 Based on a series of lectures for adult students, this lively and entertaining book proves that, far from being a dusty, dull subject, geometry is in fact full of beauty and fascination. The author's infectious enthusiasm is put to use in explaining many of the key concepts in the field, starting with the Golden Number and taking the reader on a geometrical journey via Shapes and Solids, through the Fourth Dimension, finishing up with Einstein's Theories of Relativity. Equally suitable as a gift for a youngster or as a nostalgic journey back into the world of mathematics for older readers, John Barnes' book is the perfect antidote for anyone whose maths lessons at school are a source of painful memories. Where once geometry was a source of confusion and frustration, Barnes brings enlightenment and entertainment. In this second edition, stimulated by recent lectures at Oxford, further material and extra illustrations have been added on many topics including Coloured Cubes, Chaos and Crystals.

Ordinary Heroes Scott Turow, 2007-04-01 From bestselling author Scott Turow's Ordinary Heroes comes a breathtaking story of courage, betrayal, passion, and the mystery of a father's hidden war. Stewart Dubinsky knew his father had served in World War II. And he'd been told how David Dubin (as his father had Americanized the name that Stewart later reclaimed) had rescued Stewart's mother from the horror of the Balingen concentration camp. But when he discovers, after his father's death, a packet of wartime letters to a former fiancée, and learns of his father's court-martial and imprisonment, he is plunged into the mystery of his family's secret history and driven to uncover the truth about this enigmatic, distant man who'd always refused to talk about his war. As he pieces together his father's past through military archives, letters, and, finally, notes from a memoir his father wrote while in prison, secretly preserved by the officer who defended him, Stewart starts to assemble a dramatic and baffling chain of events. He learns how Dubin, a JAG lawyer attached to Patton's Third Army and desperate for combat experience, got more than he bargained for when he was ordered to arrest Robert Martin, a wayward OSS officer who, despite his spectacular bravery with the French Resistance, appeared to be acting on orders other than his commanders'. In pursuit of Martin, Dubin and his sergeant are parachuted into Bastogne just as the Battle of the Bulge reaches its apex. Pressed into the leadership of a desperately depleted rifle company, the men are forced to abandon their quest for Martin and his fiery, maddeningly elusive comrade, Gita, as they fight for their lives through carnage and chaos the likes of which Dubin could never have imagined. In reconstructing the terrible events and agonizing choices his father faced on the battlefield, in the courtroom, and in love, Stewart gains a closer understanding of his past, of his father's character, and of the brutal nature of war itself.

The One RJ Smith, 2012-03-15 The definitive biography of James Brown, the Godfather of Soul, with fascinating findings on his life as a Civil Rights activist, an entrepreneur, and the most innovative musician of our time. Playing 350 shows a year at his peak, with more than forty Billboard hits, James Brown was a dazzling showman who transformed American music. His life offstage was just as vibrant, and until now no biographer has delivered a complete profile. The One draws on interviews with more than 100 people who knew Brown personally or played with him professionally. Using these sources, award-winning writer RJ Smith draws a portrait of a man whose twisted and amazing life helps us to understand the music he made. The One delves deeply into the story of a man who was raised in abject-almost medieval-poverty in the segregated South but grew up to earn (and lose) several fortunes. Covering everything from Brown's unconventional childhood (his aunt ran a bordello), to his role in the Black Power movement, which used Say It Loud (I'm

Black and Proud) as its anthem, to his high-profile friendships, to his complicated family life, Smith's meticulous research and sparkling prose blend biography with a cultural history of a pivotal era. At the heart of *The One is Brown* is Brown's musical genius. He had crucial influence as an artist during at least three decades; he inspires pity, awe, and revulsion. As Smith traces the legend's reinvention of funk, soul, R&B, and pop, he gives this history a melody all its own.

Hacking Politics David Moon, Patrick Ruffini, David Segal, 2013-05-01 Hacking Politics is a firsthand account of how a ragtag band of activists and technologists overcame a \$90 million lobbying machine to defeat the most serious threat to Internet freedom in memory. The book is a revealing look at how Washington works today – and how citizens successfully fought back. Written by the core Internet figures – video gamers, Tea Partiers, tech titans, lefty activists and ordinary Americans among them – who defeated a pair of special interest bills called SOPA (“Stop Online Piracy Act”) and PIPA (“Protect IP Act”), Hacking Politics provides the first detailed account of the glorious, grand chaos that led to the demise of that legislation and helped foster an Internet-based network of amateur activists. Included are more than thirty original contributions from across the political spectrum, featuring writing by Internet freedom activist Aaron Swartz; Lawrence Lessig of Harvard Law School; novelist Cory Doctorow; Rep. Zoe Lofgren (D-CA.); Jamie Laurie (of the alt-rock/hip-hop group The Flobots); Ron Paul; Mike Masnick, CEO and founder of Techdirt; Kim Dotcom, internet entrepreneur; Tiffiniy Cheng, co-founder and co-director of Fight for the Future; Alexis Ohanian, co-founder of Reddit; Nicole Powers of Suicide Girls; Josh Levy, Internet Campaign Director at Free Press, and many more.

Iraq, 2007 Risking their lives, intrepid journalists and photographers have labored in often desperate conditions to bring images of war-torn Iraq to the rest of the world. Since no war in US history has had more carefully managed press coverage than this one, their more controversial and moving efforts have gone largely unreported in the US. Now, here are the pictures Americans have not seen: An Iraqi boy trying to study with a bandaged eye; the bullet-riddled tail of a Red Crescent vehicle; American soldiers and Iraqi citizens alike praying; mass graves; brothers kneeling over dead brothers; babies in coffins; bloody body parts kept on ice. Each picture suggests the world and lives beyond the edges of the frame; together they show the true face of the US occupation of Iraq. The Associated Press staff was recognized by the 2005 Pulitzer Prize for its stunning series of photographs of the bloody yearlong combat inside Iraqi cities. Whether they set their sights on triumphant US soldiers relaxing in one of Saddam Hussein's palaces or on the injured Iraqi woman whose ambulance they shared, these photographers have brought home the horror and fear of war, and the reminder that we are all flesh and blood.
