Rights in Transit Kafui Ablode Attoh,2019-02-01 Is public transportation a right? Should it be? For those reliant on public transit, the answer is invariably “yes” to both. Indeed, when city officials propose slashing service or raising fares, it is these riders who are often the first to appear at that officials’ door demanding their “right” to more service. Rights in Transit starts from the presumption that such riders are justified. For those who lack other means of mobility, transit is a lifeline. It offers access to many of the entitlements we take as essential: food, employment, and democratic public life itself. While accepting transit as a right, this book also suggests that there remains a desperate need to think critically, both about what is meant by a right and about the types of rights at issue when public transportation is threatened. Drawing on a detailed case study of the various struggles that have come to define public transportation in California’s East Bay, Rights in Transit offers a direct challenge to contemporary scholarship on transportation equity. Rather than focusing on civil rights alone, Rights in Transit argues for engaging the more radical notion of the right to the city.

**The Movieland Directory** ,2015-07-11 The Los Angeles area feels almost alive with movie history. It is impossible to walk down any neighborhood block that didn’t play host to movie history on some level. From Chaplin walking Hollywood sidewalks in 1915 to the Three Stooges running down Culver City streets in 1930 to westerns filmed in the Valley in the 1950’s, the area has been the background for thousands of films and home to millions of movie people. Historical documents, census records, movie studio and institutional archives, and personal writings have all been scoured in order to compile the most exhaustive and complete Hollywood address listing ever compiled.

*Paul Bern* E.J. Fleming,2009-03-23 Paul Bern, known throughout the movie business as “Hollywood’s Father Confessor,” earned a reputation for being a loyal and supportive friend and for becoming one of MGM’s most respected and creative directors. After his death, though, he was said to have grown so depressed and despondent over his own apparent sexual inadequacies that he committed suicide, and he would be denounced for attempting to rape his new bride Jean Harlow. In this biography, the author uncovers startling new facts and argues that MGM knew the real story of Bern’s death—that an estranged, mentally ill common-law wife murdered him. MGM understood that the earlier spouse rendered Bern’s marriage to Harlow, its fastest-rising star, ambiguous if not bigamous, so the studio staged a suicide and embarked on a very public tarnishing of his memory. Included are 93 rare photos, many lost for decades, along with three appendices examining the handwriting on an alleged suicide note and Bern’s will and estate.

*The Annenbergs* John E. Cooney,1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

College Libraries and Student Culture Lynda M. Duke,Andrew D. Asher,2012 How do college students really conduct research for classroom assignments? In 2008, five large Illinois universities were awarded a Library Services and Technology Act Grant to try to answer that question. The resulting ongoing study has already yielded some eye-opening results. The findings suggest changes ranging from simple adjustments in service and resources to modifying the physical layout of the library. In this book Duke and Asher, two anthropological researchers involved with the project since the beginning, Summarize the study's history, including its goals, parameters, and methodology Offer a comprehensive discussion of the research findings, touching on issues such as website design, library instruction for faculty, and meeting the needs of commuter and minority students Detail a number of service reforms which have already been implemented at the participating institutions This important book deepens our understanding of how academic libraries can better serve students’ needs, and also serves as a model for other researchers interested in a user-centered approach to evaluating library services.

**Information Highlighting in Advanced Learner English** Marcus Callies,2009 This book presents the first detailed and comprehensive study of information highlighting in advanced learner language, echoing the increasing interest in questions of near-native competence in SLA research and contributing to the description of advanced interlanguages. It examines the production and comprehension of specific means of information highlighting in English by native speakers and German learners of English as a foreign language, presenting triangulated experimental and learner corpus data as corroborating evidence. The study focuses on learners' use of discourse-pragmatically motivated variations of the basic word order such as inversion, preposing, and it- and wh-clefts, an underexplored field in SLA research to date. The book also provides a critical re-assessment of the study of pragmatics within SLA. It has largely been neglected to date that L2 pragmatic knowledge includes more than the sociopragmatic and pragmalinguistic abilities for understanding and performing speech acts. Thus, the book argues for an extension of the scope of inquiry in interlanguage pragmatics beyond the cross-cultural investigation of speech acts. It also discusses pedagogical implications for foreign language teaching and will be of interest to applied linguists and SLA researchers, language teachers and curriculum designers.

**Rescue Robots** Sue L. Hamilton,2018-12-15 Simple text and close-up photographs present the amazing advancements of today's robots. Studying Students Nancy Fried Foster,Susan L. Gibbons,2007 In particular, we were interested in how students write their research papers and what services, resources, and facilities would be most useful to them. The information collected in this study would guide the libraries' efforts to improve library facilities, reference outreach, and the libraries' Web presence. - Introduction.

Blues in the 21st Century Douglas Mark Ponton,Uwe Zagratzki,2020-03-04 The book is the fruit of Douglas Mark Ponton's and co-editor Uwe Zagratzki's enduring interest in the Blues as a musical and cultural phenomenon and source of personal inspiration. Continuing in the tradition of Blues studies established by the likes of Samuel Charters and Paul Oliver, the authors hope to contribute to the revitalisation of the field through a multi-disciplinary approach designed to explore this constantly evolving social phenomenon in all its heterogeneity. Focusing either on particular artists (Lightnin' Hopkins, Robert Johnson), or specific texts (Langston Hughes' Weary Blues and Backlash Blues, Jimi Hendrix's Machine Gun), the book tackles issues ranging from authenticity and musicology in Blues performance to the Blues in diaspora, while also applying techniques of linguistic analysis to the corpora of Blues texts. While some chapters focus on the Blues as a quintessentially American phenomenon, linked to a specific social context, others see it in its current evolutions, as the bearer of vital cultural attitudes into the digital age. This multidisciplinary volume will appeal to a broad range of scholars operating in a number of different academic disciplines, including Musicology, Linguistics, Sociology, History, Ethnomusicology,

Literature, Economics and Cultural Studies. It will also interest educators across the Humanities, and could be used to exemplify the application to data of specific analytical methodologies, and as a general introduction to the field of Blues studies.

The Magic Drum and Other Favourite Stories Sudhā Mūrti,2006 A princess thinks she was a bird, a coconut that cost a thousand rupees, and a shepherd with a bag of words...Kings and misers, princes and paupers, wise men and foolish boys, the funniest and oddest men and women come alive in this sparkling new collection of stories. The clever princess will only marry the man who can ask her a question she cannot answer; the orphan boy outwits his greedy uncles with a bag of ash; and an old couple in distress is saved by a magic drum. Sudha Murty's grandparents told her some of these stories when she was a child; others she heard from her friends from around the world. These delightful and timeless folktales have been her favourites for years, and she has recounted them many times over to the young people in her life. With this collection, they will be enjoyed by many more readers, of all ages. Age group of target audience is 8+.

**Studying Students** Nancy Fried Foster,2013 Studying Students: A Second Look presents the results of further ethnographic projects within the University of Rochester's River Campus Libraries. Topics range from how college students learn the ropes to their use of technology and how they study and write their research papers. The volume also discusses what professors expect of their students and the similarities and differences among faculty, student and librarian research practices. Filled with ideas for applying the findings, the book provides additional insight into the place and role of libraries in the academy.
