*The Nature and Impacts of Noncompliance* Edvaldo Moita,2023-06-29 Over 2 billion people (61% of the world's employed population) work in the informal economy. Due to its pervasiveness, informality plays a major role in understanding a wide swath of ideas, such as development, work, employment, governance, and growth. Its scope, nonetheless, goes far beyond economic definitions and political agendas. As the book argues, at the root of informality lies another comprehensive, yet generally unnoticed-or at best improperly treated-phenomenon: that of noncompliance with the law. Whilst it is true that much attention has been paid to the economic aspect over the past 5 decades, the same cannot be said about the legal aspect, which is one of its constitutive features. This book takes the first steps in this direction. The book provides an account of the phenomenon's legal nature through the lens of a case study on street vendors in Brazil, focusing on what can be conceived as noncompliance and by which forms noncompliant behaviour can be assessed. It goes on to set out the most striking impacts of noncompliance; specifically, what happens with the legal system when noncompliance becomes pervasive. The Nature and Impacts of Noncompliance was awarded The European Award for Legal Theory 2022 from the European Academy of Legal Theory (EALT) and Prêmio Abrafi de Teses 2022 from the Brazilian Association for Philosophy of Law and Sociology of Law (Abrafi).

*Leadership, Strategy, and Innovation: Health Care Collection (8 Items)* Harvard Business Review,John P. Kotter,Michael E. Porter,Elizabeth Olmsted Teisberg,Peter F. Drucker,2015-11-10 How can management cure health care's ills? This digital collection, curated by Harvard Business Review, includes the ideas and best practices for transforming health care in these books and articles: Leading Change, Redefining Health Care, "The Strategy That Will Fix Health Care," HBR's 10 Must Reads on Leadership, HBR's 10 Must Reads on Strategy, HBR's 10 Must Reads on Managing Yourself, HBR's 10 Must Reads on Managing People, and HBR on Fixing Health Care from Inside & Out.

**Redefining Health Care** Michael E. Porter,Elizabeth Olmsted Teisberg,2006 The U.S. health care system is in crisis. At stake are the quality of care for millions of Americans and the financial well-being of individuals and employers squeezed by skyrocketing premiums-not to mention the stability of state and federal government budgets. In Redefining Health Care, internationally renowned strategy expert Michael Porter and innovation expert Elizabeth Teisberg reveal the underlying-and largely overlooked-causes of the problem, and provide a powerful prescription for change. The authors argue that participants in the health care system have competed to shift costs, accumulate bargaining power, and restrict services, rather than create value for patients. This zero-sum competition takes place at the wrong level-among health plans, networks, and hospitals-rather than where it matters most, in the diagnosis, treatment, and prevention of specific health conditions. Redefining Health Care lays out a breakthrough framework for redefining health care competition based on patient value. With specific recommendations for hospitals, doctors, health plans, employers, and policy makers, this book shows how to move to a positive-sum competition that will unleash stunning improvements in quality and efficiency.

## **Innovation and Marketing in the Pharmaceutical Industry** Min Ding,Jehoshua

Eliashberg,Stefan Stremersch,2013-10-31 The pharmaceutical industry is one of today's most dynamic and complex industries, involving commercialization of cutting-edge scientific research, a huge web of stakeholders (from investors to doctors), multi-stage supply chains, fierce competition in the race to market, and a challenging regulatory environment. The stakes are high, with each new product raising the prospect of spectacular success—or failure. Worldwide revenues are approaching \$1 trillion; in the U.S. alone, marketing for pharmaceutical products is, itself, a multi-billion dollar industry. In this volume, the editors showcase contributions from experts around the world to capture the state of the art in research, analysis, and practice, and covering the full spectrum of topics relating to innovation and marketing, including R&D, promotion, pricing, branding, competitive strategy, and portfolio management. Chapters include such features as: · An extensive literature review, including coverage of research from fields other than marketing · an overview of how practitioners have addressed the topic · introduction of relevant analytical tools, such as statistics and ethnographic studies · suggestions for further research by scholars and students The result is a comprehensive, state-of-the-art resource that will be of interest to researchers, policymakers, and practitioners, alike.

*Raising Dust* Nicholas Rowe,2010-04-30 Dance in Palestine has a history as complex and contentious as the land itself. Whether dismissed as bacchantic madness by Bible tourists in the 19th Century, revived and glorified by Zionists, Pan-Arabists and Palestinian Nationalists in the 20th Century, or rejected by Islamic Reformists in the 21st Century, dance in Palestine has a rich and elusive story that remains to be told. 'Raising Dust' traces one dancer's journey into Palestine's past and present. Through historical archives, the memories of dancers of yesteryear and into today's vibrant performing arts scene, Nicholas Rowe shows how dance has acted as a barometer of social change, a forum for debate and a means of expressing forbidden ideas. Far from apolitical, this most physical of art forms has often defined the political mood of the day. Sumptuously illustrated, the author provides a unique, rare and compelling cultural history of dance in Palestine.

*Political Power and Social Theory* Diane E. Davis,Christina Proenza-Coles,2008-09-07 Deals with the comparative and historical social science. This title focuses on a variety of questions relating to states, citizenship, and power, common themes examined with divergent analytical entry points and through deep knowledge of country cases as diverse as Russia, the United States, El Salvador, South Africa, and Israel.

*Sanções Políticas Tributárias no Direito Brasileiro* Paulo Alves da Silva Paiva,2020-10-27 Trata-se de uma reconstrução histórico-conceitual e análise de validade das sanções políticas tributárias no Direito brasileiro, concebidas estas como medidas restritivas de direitos, introduzidas pelo Poder Público com a finalidade de facilitar a fiscalização e de promover efetividade à arrecadação das

receitas públicas. A validade destas medidas é questionada pela doutrina majoritária e, ao menos no discurso, rechaçada também pela jurisprudência brasileira. O emprego da expressão, com suas impropriedades semânticas, é uma construção doutrinária e jurisprudencial que, até onde se tem registros, remonta a meados do século XX. É curioso observar que, decorridos quase cem anos do início das discussões em torno da validade das sanções políticas, não há, na legislação tributária brasileira, qualquer referência expressa a esta categoria de sanções. No presente trabalho, o autor rejeita a qualificação das sanções políticas como medidas inválidas ou inconstitucionais, propondo sua definição a partir de dois elementos essenciais, a saber: (i) restrição de direitos fundamentais; e (ii) finalidade arrecadatória da medida. Mais do que legítimas, as sanções políticas são também necessárias para conferir efetividade à atividade arrecadatória do Estado, pois, a ação de execução fiscal, instrumento tradicional de cobrança, não atende mais às expectativas dos entes federados.

**O DIREITO TRIBUTÁRIO NA PRÁTICA DOS TRIBUNAIS SUPERIORES: SISTEMA TRIBUTÁRIO NACIONAL E CÓDIGO TRIBUTÁRIO NACIONAL EM DE TATHIANE DOS SANTOS PISCITELLI, 2017-10-06** A Série GVlaw, editada pelo Programa de Educação Executiva da DIREITO GV (GVlaw), investe na ampla difusão do conhecimento produzido na Escola e no emprego de métodos participativos de ensino. **Conflict of Interest in Medical Research, Education, and Practice** Institute of Medicine, Board on Health Sciences Policy, Committee on Conflict of Interest in Medical Research, Education, and Practice, 2009-09-16 Collaborations of physicians and researchers with industry can provide valuable benefits to society, particularly in the translation of basic scientific discoveries to new therapies and products. Recent reports and news stories have, however, documented disturbing examples of relationships and practices that put at risk the integrity of medical research, the objectivity of professional education, the quality of patient care, the soundness of clinical practice guidelines, and the public's trust in medicine. Conflict of Interest in Medical Research, Education, and Practice provides a comprehensive look at conflict of interest in medicine. It offers principles to inform the design of policies to identify, limit, and manage conflicts of interest without damaging constructive collaboration with industry. It calls for both short-term actions and long-term commitments by institutions and individuals, including leaders of academic medical centers, professional societies, patient advocacy groups, government agencies, and drug, device, and pharmaceutical companies. Failure of the medical community to take convincing action on conflicts of interest invites additional legislative or regulatory measures that may be overly broad or unduly burdensome. Conflict of Interest in Medical Research, Education, and Practice makes several recommendations for strengthening conflict of interest policies and curbing relationships that create risks with little benefit. The book will serve as an invaluable resource for individuals and organizations committed to high ethical standards in all realms of medicine.

**Tributação, hipernomia e medo** Artur Guedes da Fonseca Mello, 2022-01-01 “[...] o livro trazido por Artur Guedes da Fonseca Mello é de particular atualidade e relevância [...] formula o autor, à luz do direito comparado, mais especificamente tomando como parâmetro e paradigma comparativo o ordenamento jurídico (constitucional-tributário) de Portugal, a análise do que

denomina “ineficácia do litígio tributário”, que tem como causa a “hipernomia”, e como aspecto peculiar o “custo benefício da eficiência do medo”, nas adesões aos instrumentos de política tributária consistentes nos programas de parcelamento e perdão fiscal. [...] Numa visão integradora dos ordenamentos postos em cotejo, formula propostas para solução dos aspectos mais graves dos problemas que dificultam a adoção de uma política tributária e financeira eficaz, quando se trata de políticas de renúncia fiscal, pela via do parcelamento e do perdão fiscal, face ao direito fundamental dos contribuintes. [...] A obra que o leitor tem em mãos, portanto, certamente há de ter excelente acolhida perante a comunidade jurídica, inclusive aquela dedicada ao estudo do direito tributário comparado. Trata de perto, como visto, o tema do litígio tributário como causador das ofensas aos direitos fundamentais quando da adesão aos programas de parcelamento e perdão fiscal, tema importantíssimo que vem merecendo, há muito, atenção de doutrina e tribunais estrangeiros, o qual também precisa ser melhor desenvolvido no Brasil, como bem demonstra o brilhante autor.” [ Reynaldo Soares da Fonseca - Ministro do Superior Tribunal de Justiça]

*Embates contemporâneos do Direito Processual Tributário* Pedro Dias de Oliveira Netto, Tereza Cristina Tarragô Souza Rodrigues, 2022-09-28 Esta obra é resultado de estudos e pesquisas empreendidos durante as três edições do curso de Pós-Graduação Lato Sensu em Processo Tributário, da UFPE. É relevante a contribuição desta obra no conjunto da produção científica que oferece embasamento teórico a questões processuais decorrentes do número crescente de embates travados entre o Fisco e o Contribuinte, seja na esfera administrativa, seja perante os órgãos judiciais, tendo presente que a relação jurídica tributária sofre a influência de três distintas dimensões - material (estática), formal (dinâmica) e processual (crítica). É na dimensão processual, contudo, que o direito se revela um instrumento de medida, atuando como régua que mede e balança e que pondera os interesses em conflito. Dele se espera que avalie a justa proporção das relações, a importância das prestações e dos prejuízos, a igualdade dos direitos e dos deveres. É uma troca regrada de argumentos em busca da produção do justo e, sem dúvidas, para tanto, impõe uma atuação eficiente do sistema processual, pois dela depende a real efetividade do ordenamento jurídico, visto que a norma de direito material se transforma em pura ilusão, se não tiver a garantia de sua correlata realização no mundo empírico, por meio do processo. Esperamos provocar reflexões e também auxiliar na solução de desafios. Boa leitura!

Fundamento consequencialista nas decisões do STF em conflitos trabalhistas brasileiros Adriano Romero, 2023-02-13 O presente trabalho se debruçou sobre o tema da fundamentação consequencialista nas decisões do Supremo Tribunal Federal em conflitos trabalhistas, de maneira a verificar sob qual viés (jurídico ou político) tal espécie argumentativa estaria sendo utilizada pela Suprema Corte e se os fundamentos do consciencialismo de natureza política seriam admissíveis, sobretudo em conflitos trabalhistas. Para tanto, após a fixação de premissas teóricas sobre o tema em análise, o livro define e diferencia a consequência jurídica da consequência política para permitir a identificação de uma ou de outra junto aos acórdãos do STF em lides trabalhistas, bem como o reconhecimento de fundamentações falaciosas ou distorcidas, para depois discernir se o STF teria atuado dentro dos limites constitucionais ou com ativismo judicial. O autor preocupou-se também em demonstrar quando a análise dos impactos da decisão deveria ser usada como razão de decidir e como tal tema afetou a teoria processual. O trabalho é interessante porque, além de tratar do consequencialismo na área trabalhista, evidenciou que, apesar de a fundamentação consequencialista estar mais presente em casos difíceis, os limites constitucionais foram ultrapassados em algumas oportunidades, a ponto de alterar o próprio texto normativo constitucional, com franco ativismo judicial.

**Blood Lines** Tanya Huff, 2014-02-04 The Blood Books are now available in Blood Ties TV tie-in editions. View our TV tie-in feature page here here. An evil being has been sealed away for centuries in a sarcophagus never meant to be opened, waiting patiently for his chance to rise again. Now, brought to the Egyptology Department of Toronto's Royal Ontario Museum, the seals and spells that imprisoned him chipped away from his discoverers, he has reached forth to claim the minds and souls of Toronto's unsuspecting citizens. And only three people had any sense that something was

wrong.... For Henry Fitzroy, it began with terrifying images of the sun, a marker of death for a vampire. Fearing for his sanity, he turns to his sometimes-lover, private investigator Vicki Taylor, for help. As the two struggle to cope with Henry's obsession, Vicki's closest friend and former partner Mike Celluci, is following up on two mysterious deaths at the museum, certain that a force from beyond the grave is responsible for everything.

**Responsabilidade sancionadora da pessoa jurídica** Gustavo Costa Ferreira,2021-01-27 A punição às pessoas jurídicas pelas infrações a elas imputáveis é questão circundada por grande controvérsia. Por um lado, há aqueles que defendem ser impossível a punição dos entes coletivos (*societas delinquere non potest*), por não terem eles alma hábil a ser culpada, corpo para ser punido, tampouco mãos para agir. Por outro lado, há os que defendem a possibilidade de punição sem, no entanto, esclarecer quais critérios de imputação devem ser utilizados nessa tarefa. Como objetivo geral desta obra, demonstra-se que os critérios de responsabilização das pessoas jurídicas no Direito Administrativo Sancionador brasileiro possuem contornos próprios, semelhantes àqueles existentes no Direito Penal, que não se confundem com os critérios de responsabilização no Direito Civil, no Direito do Consumidor e no próprio Direito Administrativo em relação às obrigações de indenizar. Tais critérios são balizados, sobretudo, pelas garantias da tipicidade e culpabilidade. Ainda, pontua-se que o constituinte brasileiro previu a possibilidade de imposição de punições às pessoas jurídicas em duas ocasiões (art. 175, §3º e art. 225, §3º, CRFB), de modo que, no ordenamento jurídico nacional, incumbem aos estudiosos apenas estudar como isso pode ser levado a efeito. Ao final, chega-se à conclusão de que a responsabilização das pessoas jurídicas no Direito Administrativo Sancionador brasileiro deve dar-se a partir de critérios próprios de imputação, diferente daqueles existentes na responsabilização civil e idênticos àqueles cogitados na responsabilização penal das pessoas jurídicas, o que perpassa, necessariamente, pela construção de conceitos de ação e culpabilidade adequados aos entes coletivos, que são apresentados ao final do livro.

Henry Fitzroy, the illegitimate son of King Henry VIII, has learned over the course of his long life how to blend with humans, how to deny the call for blood in his veins. **Recuperação judicial e convolação em falência aplicadas às microempresas e empresas de pequeno porte** Felipe Augusto Cruz Lima, 2024-02-28 No ano de 2020, a Lei no 11.101/05, que trata sobre a recuperação extrajudicial, a recuperação judicial e a falência empresarial, recebeu uma alteração decorrente da Lei no 14.112/20. Com a entrada em vigor desse novo diploma legislativo, inovações foram absorvidas pelo ordenamento jurídico brasileiro quanto ao processamento desses institutos por sociedades empresárias que enfrentam crises financeiras (a exemplo daquela, fruto da Covid-19) e dificuldades na gestão de sua atividade comercial. Em um cenário concorrencial altamente exigente torna-se, então, fundamental um tratamento legal específico que possibilite a reestruturação das Microempresas e Empresas de Pequeno Porte, de forma que seja viável sua reinserção no mercado capitalista através de um reempreendedorismo que movimente a economia e gere empregos. Assim, compreender esse novo cenário legislativo é tarefa essencial para a manutenção das atividades empresariais das MEs e EPPs que enfrentam adversidades.
