Freedom of Information Matthew Burgess, 2015-06-19 Freedom of Information: A Practical Guide for UK Journalists is written to inform, instruct and inspire journalists on the investigative possibilities offered by the Freedom of Information Act. Covering exactly what the Act is, how to make FOI requests and how to use the Act to hold officials to account, Matt Burgess utilises expert opinions, relevant examples and best practice from journalists and investigators working with the Freedom of Information Act at all levels. The book is brimming with illuminating and relevant examples of the Freedom of Information Act being used by journalists, alongside a range of helpful features, including: • end-of-chapter lists of tips and learning points; • sections addressing the different areas of FOI requests; • text boxes on key thoughts and cases; • interviews with leading contemporary journalists and figures working with FOI requests. Supported by the online FOI Directory (www.foidirectory.co.uk), Freedom of Information: A Practical Guide for UK Journalists is a must read for all those training or working as journalists on this essential tool for investigating, researching and reporting.

Statistical Abstract of the United States 2009 (Hardcover)

, 2008-12-18 The 128th edition of the Statistical Abstract continues a proud tradition of presenting a comprehensive and useful portrait of the social, political, and economic organization of the United States. The 2009 edition provides: More than 1,300 tables and graphs that cover a variety of topics such as religious composition of the U.S. population, assisted reproductive technology, military retirement, homeowner and rental vacancy rates, aquaculture products and sales, typical daily Internet activities, and expenditures for wildlife-related

recreation. Expanded guide to other sources of statistical information both in print and on the Web. Listing of metropolitan and micropolitan areas and their population numbers. Book jacket.

Families Caring for an Aging America National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Board on Health Care Services, Committee on Family Caregiving for Older Adults, 2016-11-08 Family caregiving affects millions of Americans every day, in all walks of life. At least 17.7 million individuals in the United States are caregivers of an older adult with a health or functional limitation. The nation's family caregivers provide the lion's share of long-term care for our older adult population. They are also central to older adults' access to and receipt of health care and community-based social services. Yet the need to recognize and support caregivers is among the least appreciated challenges facing the aging U.S. population. Families Caring for an Aging America examines the prevalence and nature of family caregiving of older adults and the available evidence on the effectiveness of programs, supports, and other interventions designed to support family caregivers. This report also assesses and recommends policies to address the needs of family caregivers and to minimize the barriers that they encounter in trying to meet the needs of older adults.

Statistical Abstract of the United States 2010 Census

Bureau, 2009-12 The 129th edition of the Statistical Abstract continues a proud tradition of presenting a comprehensive and useful portrait of the social, political, and economic organization of the United States.

The 2010 edition provides: More than 1,300 tables and graphs that cover a variety of topics such as religious composition of the U.S. population, the amount of debt held by families, parent participation in school-related activities, federal aid to state and local governments, types of work flexibility provided to employees, energy consumption, public drinking water systems, and suicide rates by sex and country. Expanded guide to other sources of statistical information both in print and on the Web. Listing of metropolitan and micropolitan areas and their population. Book jacket.

Statistical Abstract of the United States 2006 Bernan Press,2006-01-26 The Statistical Abstract of the United States is one of the most reliable and popular statistical references in existence. The Bernan Press Library Edition presents the complete, official content of the Statistical Abstract in an easily readable format - with 25 percent larger type than in the U.S. government edition - and with a sturdy binding designed to withstand heavy use in libraries.

World Development Report 2020 World Bank,2019-11-19 Global value chains (GVCs) powered the surge of international trade after 1990 and now account for almost half of all trade. This shift enabled an unprecedented economic convergence: poor countries grew rapidly and began to catch up with richer countries. Since the 2008 global financial crisis, however, the growth of trade has been sluggish and the expansion of GVCs has stalled. Meanwhile, serious threats have emerged to the model of trade-led growth. New technologies could draw production closer to the consumer and reduce the demand for

labor. And trade conflicts among large countries could lead to a retrenchment or a segmentation of GVCs. World Development Report 2020: Trading for Development in the Age of Global Value Chains examines whether there is still a path to development through GVCs and trade. It concludes that technological change is, at this stage, more a boon than a curse. GVCs can continue to boost growth, create better jobs, and reduce poverty provided that developing countries implement deeper reforms to promote GVC participation; industrial countries pursue open, predictable policies; and all countries revive multilateral cooperation.

World Guide to Special Libraries Marlies Janson, Helmut Opitz, 2011-12-22 The World Guide to Special Libraries lists about 35,000 libraries world wide categorized by more than 800 key words - including libraries of departments, institutes, hospitals, schools, companies, administrative bodies, foundations, associations and religious communities. It provides complete details of the libraries and their holdings, and alphabetical indexes of subjects and institutions.

The General's Goose Robbie Robertson, 2017-08-25 His admirers said he was a charismatic leader with a dazzling smile, a commoner following an ancient tradition of warrior service on behalf of an indigenous people who feared marginalisation at the hands of ungrateful immigrants. One tourist pleaded with him to stage a coup in her backyard; in private parties around the capital, Suva, infatuated women whispered 'coup me baby' in his presence. It was so easy to overlook the enormity of what he had done in planning and implementing Fiji's first military coup, to be seduced by celebrity, captivated by the excitement of the moment, and plead its inevitability as the final eruption of long-simmering indigenous discontent. A generation would pass before the consequences of the actions of Fiji's strongman of 1987, Sitiveni Rabuka, would be fully appreciated but, by then, the die had been well and truly cast. The major general did not live happily ever after. No nirvana followed the assertion of indigenous rights. If anything, misadventure became his country's most enduring contemporary trait. This is Fiji's very human story.
