Pro-Poor Land Reform Saturnino Borrás,2007-09-06 Using empirical case materials from the Philippines and referring to rich experiences from different countries historically, this book offers conceptual and practical conclusions that have far-reaching implications for land reform throughout the world. Examining land reform theory and practice, this book argues that conventional practices have excluded a significant portion of land-based production and distribution relationships, while they have inadvertently included land transfers that do not constitute real redistributive reform. By direct implication, this book is a critique of both mainstream market led agrarian reform and conventional state-led land reform. It offers an alternative perspective on how to move forward in theory and practice and opens new paths in land policy research.

The Angelic Conflict R. B. Thieme, Jr.,2012-01-01 The Angelic Conflict rages around us. This is not a world war. This is a war beyond the world—an invisible warfare between the forces of Satan and the forces of God. Ultimately God will win. Long before the advent of human history, Satan arrogantly

rebelled against his Creator. He wanted to make himself “like the Most High” and recruited one-third of the angels to follow him. God justly condemned Satan and his fallen angels to spend eternity in the lake of fire. Satan appealed the sentence, claiming unfairness—questioning how a loving God could cast His creatures into hell. Planet Earth is now the battleground where Satan seeks to outmaneuver God, prove the judgment unfair, and foil the execution of his sentence. Satan will not suffer defeat without an intense struggle. God created man to resolve this angelic conflict. Human volition is the focal point of the firestorm. Will man choose God’s grace plan of salvation or follow the arrogant system of Satan? Through the freewill decisions of mankind, God proves to Satan His perfect justice and love again and again. As believers, it is imperative we understand this spiritual warfare that surrounds us. Satan uses every ruse at his command to derail and discredit those who are in Christ. For our defense, God has provided an overwhelming advantage in a powerful suit of spiritual armor. With it we can withstand the “flaming missiles of the evil one” and become heroes in the invisible war. God is glorified as we lock shields and stand firm on His power and Word.
