**The Web Application Hacker's Handbook** Dafydd Stuttard,Marcus Pinto,2011-03-16 This book is a practical guide to discovering and exploiting security flaws in web applications. The authors explain each category of vulnerability using real-world examples, screen shots and code extracts. The book is extremely practical in focus, and describes in detail the steps involved in detecting and exploiting each kind of security weakness found within a variety of applications such as online banking, e-commerce and other web applications. The topics covered include bypassing login mechanisms, injecting code, exploiting logic flaws and compromising other users. The most successful hackers go beyond this, and find ways to automate their bespoke attacks. This handbook describes a proven methodology that combines the virtues of human intelligence and computerized brute force, often with devastating results. The authors are professional penetration testers who have been involved in web application security for nearly a decade. They have presented training courses at the Black Hat security conferences throughout the world. Under the alias PortSwigger, Dafydd developed the popular

You 2.0 Ramesh Richard,2013-10-25 You 2.0 is not another book from a long selection of technology manuals. It is not about software updates for your smartphone or tablet, nor a rationale for upgrading your computer hardware to a bigger, better, faster, newer model. What you will discover, however, is far more important for a life update. A life upgrade.The updates, and the ultimate upgrade, addressed here involves the very core of your being. It's about updating your self-of doing a "soul update." It involves updating your life so you are not stuck with Version 1.0 of your self when Version 2.0 is freely available to you right away.This work presents the promise of complete life- transformation. If you choose to accept this update, you will be guided through the steps necessary to move from Version 1.0 to Version 2.0 of your self. This update process begins with the decision to let the master-programmer of your life install a whole new spiritual operating system in you. The update, and the upgrade process is total...ongoing...and powerful.At the end of each short chapter you will find a series of questions designed to help you think through and talk about what you're reading. Discussing these questions with trusted friends, teachers or family members, will help you clarify and personalize what you are reading. So if you are ready to upgrade from You 1.0 to You 2.0, turning to the next page is like clicking agree.

Mistresses Ultimate Collection of S&M and BDSM Rules for Female Submissives and Slaves Mistress,2015-05-03 Hello, thank you for stopping by. 1. Mistress has the final say on what I wear when I am with Her and that includes when we are in public and in private. In private with my Mistress I should feel uncomfortable when fully clothed. I am in essence hiding my body from Her. The exceptions to this would be if it's cold and/or we're expecting company. 2. Mistress can decide what I'm going to wear even though we're not going to be together at that time. What I wear however must not be a danger to me. 3. I am required to dress feminine at all times unless ordered not to. The exception would be if I need to dress differently for work or another public/vanilla activity of some sort. 4. I will look sexy for Mistress at all times. I will wear make-up when in Mistress' presence, unless she doesn't want me to. I know how important giving pleasure to my Mistress is and looking sexy gives Mistress pleasure and will impress Mistress's friends. 5. I may never wear panties while in Mistress' dwelling (or our mutual home), except to take them off when entering, and in preparation to go out. Of course the exception is when I'm given permission or ordered to wear them. 6. I wear dresses or skirts only, unless granted permission to wear something else. My BDSM role play outfits should always be ready to wear if Mistress wants me to. 7. When in private, (alone with Mistress,) if I want to put any clothing on, even a bra or panties, I will ask permission from my Mistress first. Two additional ebooks are included which normally sell separately. Your ebooks are presented in this order: 1) Mistresses Ultimate Collection of S&M and BDSM Rules for Female Submissives and Slaves 2) Women's Super Sex Secret 3) The PS-Spot Orgasm: Don't Wait Any Longer For This Kind of Pleasure Publisher's
