Miss Civilization Richard Harding Davis, 2020-03-16 The one-act comedy *Miss Civilization* portrays a young woman who cleverly outsmarts three burglars trying to break into her home. However, the events unfolding in the play appear implausible given the circumstances.

God's Generals the Revivalists Roberts Liardon, 2008-05-23 *The Generals Who Shook Nations* Roberts Liardon chronicles compelling spiritual biographies of some of the most powerful preachers ever to ignite the fires of revival. Follow the faith journeys and lives of the great generals of God, including: George Whitefield, whose dramatic flair and passionate preaching needed no modern conveniences like microphones to reach crowds of more than sixty thousand people. Charles Finney, the skeptical lawyer-turned-evangelist whose ministry was marked by deep prayer and divine healing. William and Catherine Booth, who gave food to the hungry, fought to free those trapped in sex trafficking, and founded the Salvation Army, now the largest charitable organization in the world. Billy Graham, counselor and confidant of eleven U.S. presidents, who preached God's unconditional love and saving grace to millions. Liardon goes beyond history, drawing crucial life application and inspiration from the lives of these mighty warriors so that you can learn how to: Fulfill God's call on your life Discern the voice of God to follow His guidance Be led by the Spirit of God Let these revivalists inspire your life and revitalize your ministry!

God's Generals John and Charles Wesley Roberts Liardon, 2019-12-24 *God's Generals Who Shook Nations* Roberts Liardon chronicles the compelling spiritual biographies of some of the most powerful preachers ever to ignite the fires of revival. Follow the faith journeys and lives of John and Charles Wesley, the brothers who founded Methodism and brought the message of free grace to the masses in England and abroad.

Armed Forces and Security Services Council of Europe, 2009-01-01 Faced with the growing threats of terrorism and international organised crime, European societies are feeling an increasing need for both domestic and external security. Government action to combat these threats must be lawful - and also legitimate - and be conducted with due respect for human rights, democracy and the rule of law, which are fundamental Council of Europe principles. The question arises as to who is going to exercise democratic oversight in this area. What are the roles of parliaments, the executive, the judiciary and civil society? Do supervisory bodies exist at supranational level? This book presents the various players and their duties in the security field and confirms the need to strike a balance between a democratic conception of fundamental freedoms and security safeguards, on the basis of reports by the Council of Europe Parliamentary Assembly and the European Commission for Democracy through Law.

Global and Asian Perspectives on International Migration Graziano Battistella, 2014-09-12 This volume examines key aspects of the migration process that are particularly relevant in the Asian context. It looks into established concepts and theoretical propositions that have found application in other areas, particularly in the West and explores their validity and relevance in understanding the realities of migration in Asia. *Global and Asian Perspectives on International Migration* features the perspectives of scholars from Asia and other parts of the world, as well as diverse backgrounds. It presents a variety of forms, directions, policies and

institutions, including circular and temporary migration; the management of cultural diversity; the gender perspective on migration in North America, Europe and Asia; returning migrants; migration governance in the ASEAN economic community; and the determinants of migration. In conclusion, the book explores migration transition in Asia and revisits select theories in light of recent evidence. With its dialogic approach to migration in Asia by renowned authors from various regions and disciplines, this book will serve as a valuable resource to policy makers in research and academia, civil society, international organizations and the private sector.

The Good Neighbor Guidebook for Colorado Nancy S. Greif, Erin J. Johnson, 2000 The West is changing, and these days natives and newcomers alike need a lot of basic information to cope with issues that arise from increasing population and changing land-use regulations on both the local and federal levels. The Good Neighbor Guidebook for Colorado is an essential resource for anyone living in Colorado today. Arising from a seminar organized by the authors in Durango, this valuable collection features articles by some thirty-five expert contributors, ranging from builders to lawyers to land-use specialists and more. The book focuses on land stewardship; basics of Colorado law; working with local governments; issues of recreation, public lands, and tribal lands; protecting our western heritage; and avoiding and resolving problems. In Colorado, at the turn of the 21st century, the trend seems to be away from traditional, strong, relationship-based communities toward pseudo-communities that often are a collection of short-term alliances to fight common enemies. The re-establishment of strong neighbor relationships, with appreciation not only for shared values but for diverse opinions, can reverse this unfortunate trend. The Good Neighbor Guidebook for Colorado offers every citizen the tools to build better communities.

Translation and Conflict Mona Baker, 2018-10-25 Translation and Conflict was the first book to demonstrate that translators and interpreters participate in circulating as well as resisting the narratives that create the intellectual and moral environment for violent conflict and social tensions. Drawing on narrative theory and with numerous examples from historical and current contexts of conflict, Mona Baker provides an original and coherent model of analysis that pays equal attention to the circulation of narratives in translation and to questions of dominance and resistance. With a new preface by Sue-Ann Harding, Translation and Conflict is more than ever the essential text for any student or researcher interested in the study of translation and social movements.

Benjamin Franklin James N. Green, Peter Stallybrass, 2006 Benjamin Franklin, Writer and Printer begins by focusing on Franklin's career as a printer, from his apprenticeship to his retirement in 1748, by which time he had created the largest printing business in colonial America. His success as a printer was based not only on the newspaper and the popular almanacs he published, but also on job printing of various kinds, ranging from folio volumes of laws to paper money and blank forms. Much of what we know about Franklin as writer and printer comes from his autobiography, the focus of the last part of this book. Left unfinished at his death in 1790, the autobiography was known to the world for nearly eighty years only in translations, fragments, paraphrases, and, in English, from retranslations of a 1791 French translation.--BOOK JACKET.

Chemical Demonstrations Bassam Z. Shakhashiri, 1983 Describes and gives instructions for lecture demonstrations covering acids and bases and liquids, solutions, and colloids.

Mein Name ist Peter Dietrich Ronald J. Deatricks, Claudia Barnard Coffey, 2016-12-28 The Story of One Family's Journey From the Palatinate to America. . . While the people of the Palatinate Region in Germany were suffering through war and oppression during the 1600s and 1700s, North America was offering farmland and freedom to those who worked for it. In America, it was not about who you were but what you could do. The stage was set for a massive immigration to The Promised Land. Among those coming to America was young Johannes Peter Dietrich, the founder of a prolific Deatricks/Dedricks line in the new world. Peter's journey would take him across the ocean to Philadelphia, down the Great Wagon Road to the Shenandoah Valley, and through the Cumberland Gap to the southern Indiana frontier. He would join the fight for freedom in the Revolutionary War; farm the fertile land of Virginia; and clear the wilderness forests of Indiana. His descendants would carry their fight for freedom, as they saw it, during the Civil War. The story of the Deatricks of Indiana and the Dedricks of Virginia all begin with one man. Take a step back in time and enjoy the saga of a family whose story is as monumental as the great land Peter Dietrich adopted as his new home so long ago.

The Blind African Slave Jeffrey Brace, 2005-02-16 The Blind African Slave recounts the life of Jeffrey Brace (né Boyrereau Brinch), who was born in West Africa around 1742. Captured by slave traders at the age of sixteen, Brace was transported to Barbados, where he experienced the shock and trauma of slave-breaking and was sold to a New England ship captain. After fighting as an enslaved sailor for two years in the Seven Years War, Brace was taken to New Haven, Connecticut, and sold into slavery. After several years in New England, Brace enlisted in the Continental Army in hopes of winning his manumission. After five years of military service, he was honorably discharged and was freed from slavery. As a free man, he chose in 1784 to move to Vermont, the first state to make slavery illegal. There, he met and

married an African woman, bought a farm, and raised a family. Although illiterate, he was blind when he decided to publish his life story, which he narrated to a white antislavery lawyer, Benjamin Prentiss, who published it in 1810. Upon his death in 1827, Brace was a well-respected abolitionist. In this first new edition since 1810, Kari J. Winter provides a historical introduction, annotations, and original documents that verify and supplement our knowledge of Brace's life and times.

Legacy of a Patriot: the First Seven Generations Harry H. Summer, PhD, 2014-07-07 The author's interest in research of his family roots led him to the conclusion that genealogical charts are the driest of presentations of the family tree. In *Legacy of a Patriot* his ancestors interact with each other and with fictional characters. The scope of the book covers his family from their time in Germany to the first half of the Twentieth Century and puts flesh on the bones of ancestors and the people they could have encountered along the way. In the first five chapters his father and uncle come alive during WWI in the army and in France.

Les revivalistes - Volume 1 Roberts Liardon, *Les revivalistes* explorent l'histoire des grands réveils spirituels. Ce premier volume inclut les biographies de John & Charles Wesley, George Whitefield, Jonathan Edwards, Francis Asbury et Les premiers camps. Il est le premier volume d'une collection de six tomes qui donne une perspective historique et théologique des grands mouvements de Dieu à travers les siècles passés. En lisant les portraits de ces hommes et couples ordinaires qui ont réalisé des oeuvres extraordinaires, vous découvrirez que la puissance qu'ils ont manifestée à travers leur vie est à votre portée. Roberts Liardon a non seulement une rigueur académique mais il est également un conteur d'histoire exceptionnel. Il nous entraîne dans les péripéties de la vie et de ministères des hommes de Dieu que nous appelons les revivalistes. Dès que vous commencerez à lire leur histoire, vous aurez du mal à vous arrêter avant la fin! Ce livre fait partie du Tome 3 et est le premier titre traduit en français d'une série divisée en six tomes intitulée *Les Généraux de Dieu*.

The Language of Defendants in the 17th-century English Courtroom Elisabetta Cecconi, 2012 This volume analyses the defence system in the 17th-century English courtroom and sees how defendants attempted to construct their discourse identity and articulate their defence in the arraignment section and in the evidence phase of the trial. Drawing upon theories from socio-pragmatics and (critical) discourse analysis the book investigates the complex face-work dynamics operating between defendants and professionals/witnesses, the main defence strategies adopted in the evidence phase and - at the author-readership discourse level - the way in which Royalist defendants were represented in Royalist accounts in the turbulent years of the Civil War. The author draws on a rich variety of trial texts: from high treason to religious subversion, from murder to felony and misdemeanour. In each case the defendant's discourse behaviour is scrutinised in relation to historical, socio-cultural and institutional variables. In its

double focus on the defendants' interactional role in the trial and their representation in Royalist accounts, the book offers a valuable reading for historical courtroom linguists, legal historians and researchers in the field of language, ideology and political propaganda in the early modern period.
