Couched in Death Elizabeth P. Baughan,2013-12-06 In *Couched in Death*, Elizabeth P. Baughan offers the first comprehensive look at the earliest funeral couches in the ancient Mediterranean world. These sixth- and fifth-century BCE klinai from Asia Minor were inspired by specialty luxury furnishings developed in Archaic Greece for reclining at elite symposia. It was in Anatolia, however—in the dynastic cultures of Lydia and Phrygia and their neighbors—that klinai first gained prominence not as banquet furniture but as burial receptacles. For tombs, wooden couches were replaced by more permanent media cut from bedrock, carved from marble or limestone, or even cast in bronze. The rich archaeological findings of funerary klinai throughout Asia Minor raise intriguing questions about the social and symbolic meanings of this burial furniture. Why did Anatolian elites want to bury their dead on replicas of Greek furniture? Do the klinai found in Anatolian tombs represent Persian influence after the conquest of Anatolia, as previous scholarship has suggested? Bringing a diverse body of understudied and unpublished material together for the first time, Baughan investigates the origins and cultural significance of kline-burial and charts the stylistic development and distribution of funerary klinai throughout Anatolia. She contends that funeral couch burials and banqueter representations in funerary art helped construct hybridized Anatolian-Persian identities in Achaemenid Anatolia, and she reassesses the origins of the custom of the reclining banquet itself, a defining feature of ancient Mediterranean civilizations. Baughan explores the relationships of Anatolian funeral couches with similar traditions in Etruria and Macedonia as well as their afterlife in the modern era, and her study also includes a comprehensive survey of evidence for ancient klinai in general, based on analysis of more than three hundred klinai representations on Greek vases as well as archaeological and textual sources.

What Lies Beneath Steven Cohen,2019-08-06 Some say truth is relative...some say truth doesn't exist...However, there is something that holds all things secure, stronger than any support structure we could manufacture, more reliable than any knowledge we could gain: TRUTH. That standard can only come from one place and it's not us, our experiences, or anyone else's opinion of who we are. *What Lies Beneath* is designed to help us explore what lie or lies exist beneath beliefs, emotions, and experiences and how they affect us. Join speaker and teacher, Steven Cohen, on this transformational journey from lies to Love as we find *What Lies Beneath*.

Beautiful Resistance Jon Tyson,2020-07-21 In a time of compromise and disillusionment, God is calling his people to a movement of beautiful resistance. We live in a time when our culture is becoming increasingly shallow, coarse, and empty. Radical shifts in the areas of sexuality, ethics, technology, secular ideologies, and religion have caused the once-familiar landscape of a generation ago to be virtually unrecognizable. Yet rather than shine as a beacon of light, the church often is silent or accommodating. This isn't a new phenomenon. During World War II, pastor and theologian Dietrich Bonhoeffer was deeply troubled by the compromise in the German church. Their capitulation to the Nazi party brought shame and dishonor to the gospel. In response, he helped create an underground movement of churches that trained disciples and ultimately sought to renew the church and culture of the day. In our compromised church, we need new underground movements of discipleship and resistance. Widely respected New York pastor Jon Tyson unveils a revived vision for faithful discipleship—one that dares to renew culture, restore credibility, and replace compromise with conviction. For all who have felt this conflict in the soul between who we are and who God calls us to be, *Beautiful Resistance* is a bold invitation to reclaim what's been lost—regardless of the cost. Praise for *Beautiful Resistance* “*Beautiful Resistance* is one of the most compelling and defiant books I've read in a long time. I love Jon's radical, no-messing vision of the church as a prophetic community. This is a wake-up call for us all from the heart of a man who lives his message, loves his city, and serves his Lord with a passion and intelligence destined to become less rare.”—Pete Greig, founder of the 24-7 Prayer movement

Spirit and Nature Timothy Hessel-Robinson,Ray Maria McNamara,2011-08-01 *Spirit and Nature* is a collection of essays exploring how the resources of Christian spirituality can inform the practice of a more ecologically sustainable faith. Our current ecological situation calls for people of religious faith to reexamine the way they envision the practice of spirituality. As environmental ethicists have called us to reconsider the human-Earth relationship so that the planet is not seen as simply an endless supply of resources to fill human wants and needs, so these essays call us to reconsider spiritual practice as it relates to Earth's ecology. Rather than viewing spirituality as an escape from the material world, the authors describe the embodiment of the God-quest within the human-nature relationship. Drawing on diverse disciplinary perspectives, these essays examine a variety of topics, including the relationship between Earth and humans in the Bible, the role of nature's beauty in Christian spirituality, the practice of Christian discernment and contemplation in light of the natural sciences, the role of nature in liturgical prayer, and others. These essays consider how scholarship in Christian spirituality can contribute to re-imaging faith in ways that better cherish the Earth's fragile beauty.

El doctor Tony Evans comienza con una mirada panorámica a la necesidad de ser padres del Reino, con los roles y responsabilidades que implica la crianza de niños que sigan a Dios. Después toma un giro práctico con

ejemplos e ilustraciones para ayudar a los padres a comprender cómo proveer una formación específica para los niños en el poder de la oración, la sabiduría, el amor por la Palabra de Dios, el atravesar pruebas, el control de su lengua, el desarrollamiento de paciencia y la entrega al servicio de Dios. Este libro es para cada papá o mamá que quiera cumplir el rol de padre que Dios le ha dado: no solo para criar niños saludables intelectual, física y socialmente, sino para contribuir a la relación de su niño con Dios y su alineamiento bajo su plan. From the bestselling author of Kingdom Man and Kingdom Woman, Raising Kingdom Kids equips parents to raise their children with a Kingdom perspective and offers practical how-to advice on providing spiritual training as instructed in Scripture. Dr. Tony Evans begins with an overarching look at the need for Kingdom parenting, including parents' roles and responsibilities in raising God-following children. Then he takes a practical turn, with examples and illustrations to help parents understand how to provide specific training for kids in the power of prayer, wisdom, loving God's Word, getting through trials, controlling their tongues, and developing patience to prepare kids to take on the assignments God has for their lives.

Electronic Commerce im Bankensektor Ute Spiller,2000-06-28 Inhaltsangabe:Einleitung: Die zunehmende Verbreitung des elektronischen Handels auf elektronischen Märkten stellt nicht nur für Unternehmen, sondern vor allem auch für Banken eine strategische Herausforderung dar. Banken nehmen in traditionellen Märkten schon seit jeher eine zentrale, marktkoordinierende Rolle ein. Die spezifischen Eigenschaften des Electronic Commerce können durchaus zu einer qualitativen Erweiterung dieser Rolle führen. Durch das Anbieten allgemeiner Sicherheits- und Infrastrukturleistungen sowie das Bereitstellen von Zahlungsverkehrsverfahren für die Abwicklung von Verkaufsprozessen im Internet ermöglichen sie sogar erst den elektronischen Handel. Das Ziel dieser Arbeit ist es, einen allgemeinen Überblick über die Entwicklung und die Potentiale des Electronic Commerce zu geben sowie gleichzeitig aufzuzeigen, warum es vor allem für den Bankensektor strategisch wichtig ist, sich rechtzeitig mit dieser neuen Thematik auseinanderzusetzen. Hierbei soll auch untersucht werden, mit welchen neuen Dienstleistungen gerade Banken die Verbreitung und Akzeptanz des Electronic Commerce aktiv vorantreiben können. In diesem Kontext wird der Bereitstellung von medienadäquaten elektronischen Zahlungssystemen für die Abwicklung von Geschäftstransaktionen im Internet eine besondere Aufmerksamkeit gewidmet.
