Revoked Allison Frankel,2020 [The report] finds that supervision -- probation and parole -- drives high numbers of people, disproportionately those who are Black and brown, right back to jail or prison, while in large part failing to help them get needed services and resources. In states examined in the report, people are often incarcerated for violating the rules of their supervision or for low-level crimes, and receive disproportionate punishment following proceedings that fail to adequately protect their fair trial rights.--Publisher website.

Authoritas Aaron Greenspan,2008 Aaron Greenspan was just like any other recent Harvard graduate until the day he read that his invention, a web site called The Facebook, was worth billions of dollars;and someone else was taking the credit. Trying to find the rationale behind an unbelievable tale of ingenuity, triumph and betrayal, Greenspan sat down to write his story, and emerged with a tale that follows a boy and his autistic brother from public school to the hyper-competitive college admissions process to the gates of Harvard Yard and beyond. A true story that sheds light on the American educational system, the immense challenges of coping with autism, and of course, the astronomical growth of The Facebook, *Authoritas* is an engrossing account of life that any student, parent, teacher or entrepreneur will relate to.

**Gender Equality and Inclusive Growth** Raquel Fernández,Asel Isakova,Francesco Luna,Barbara Rambousek,2021-03-04 This paper considers various dimensions and sources of gender inequality and presents policies and best practices to address these. With women accounting for fifty percent of the global population, inclusive growth can only be achieved if it promotes gender equality. Despite recent progress, gender gaps remain across all stages of life, including before birth, and negatively impact health, education, and economic outcomes for women. The roadmap to gender equality

has to rely on legal framework reforms, policies to promote equal access, and efforts to tackle entrenched social norms. These need to be set in the context of arising new trends such as digitalization, climate change, as well as shocks such as pandemics.

Breaking Bed Bugs Chipp Marshal, 2016-11-10 If you've arrived here, you probably know-or suspect-you have a bed bug problem. If that's the case, don't lose heart. There is hope. I can show you how to get rid of bed bugs without losing your mind, money or dignity. The truth is that bed bugs are not caused by poor sanitation, and they have nothing whatsoever to do with social or economic status. They are cunning hitchhikers, and anyone who is in the wrong place at the wrong time is susceptible to an infestation. They can thrive in the finest five-star hotels, well run hospitals, and million-dollar homes. I know firsthand the devastation bed bugs can have on your physical and emotional well-being. You can read all about my personal struggle with bed bugs right inside this book. After I won the battle in my own home, I used my knowledge and experience to teach thousands of other families how to get rid of bed bugs in their homes. I am here to tell you that you, too, can get rid of them yourself-quickly, safely, and inexpensively. I will share with you in this book everything I wished someone had shared with me. I will give you advanced techniques your exterminator doesn't even know about. I'll cover all the details the websites and videos you'll find on the internet leave out. I will spare you the weeks of trial and error that I went through during my first battle with bed bugs. Then I'll teach you, step-by-step, everything I have learned studying bed bugs and fighting infestations for the past 5 years. This book will provide you with everything you'll need to get rid of bed bugs as quickly and inexpensively as possible. You stand at a turning point. Half measures will avail you nothing when it comes to these devastating creatures. The step-by-step methods I'll describe for you have been tested and proven. To ensure they work you will need to take action, following the instructions precisely. If you have the courage and resolve, this book will provide you with a proven, step-by-step course of action to get rid of bed bugs once and for all. -Chipp Marshal I was delighted to hear that Mr. Marshal was publishing his method on how to get rid of bed bugs. As

a real estate agent and property manager, I see bed bug infestations more frequently with each passing year. Many of the affected families cannot afford to hire an exterminator. Parents are helpless and their children suffer. For some, there is no escape from this epidemic and it is absolutely heartbreaking to watch. This book is being published by the right person at the right time. It is reassuring to know that his methods will now be available to millions of people around the world. -Christina Murray
