Circadian Physiology Roberto Refinetti PhD.,2016-04-19 While the first edition of the critically acclaimed and highly popular *Circadian Physiology* offered a concise but rigorous review of basic and applied research on circadian rhythms, this newest edition provides educators with the primary textbook they need to support a course on this cutting-edge topic. This Is Not a Photo Opportunity ,2014-12-11 This Is Not a Photo Opportunity is a street-level, full-color showcase of some of Banksy's most innovative pieces ever. Banksy, Britain's now-legendary "guerilla" street artist, has painted the walls, streets, and bridges of towns and cities throughout the world. Once viewed as vandalism, Banksy's work is now venerated, collected, and preserved. Over the course of a decade, Martin Bull has documented dozens of the most important and impressive works by the legendary political artist, most of which are no longer in existence. This Is Not a Photo Opportunity boasts nearly 200 color photos of Banksy's public work on the walls, as seen from the streets.

Pirates of Pensacola Keith Thomson,2005-04 The Cooke and Hood families have been at each other's throats since the Spanish Main days. The latest chapter in their piratic rivalry takes place in 2004, when an old treasure map turns up. None of this seems to matter to Morgan Cooke, a cowardly, landlubbing accountant entirely ignorant of his heritage until his estranged father, Isaac, in need of crewmen, kidnaps him and thrusts him into the fray. When Morgan wakes up on a boat in the middle of the Caribbean, he learns that piracy still flourishes, albeit with far more discretion than in the old days--pirates disguise their fast boats as shrimpers or tugs--but with no less bloodshed. Judging even a shot at riches vastly preferable to a return to his lonely, fluorescent-lit work station existence, Morgan pierces his ear, dons the eye patch and peg leg, and set sail for glorious adventure.

Word and Music Studies ,2016-08-29 The eighteen interdisciplinary essays in this volume were presented in 2001 in Sydney, Australia, at the Third International Conference on Word and Music Studies, which was sponsored by The International Association for Word and Music Studies (WMA). The

conference celebrated the sixty-fifth birthday of Steven Paul Scher, arguably the central figure in word and music studies during the last thirty-five years. The first section of this volume comprises ten articles that discuss, or are methodologically based upon, Scher's many analyses of and critical commentaries on the field, particularly on interrelationships between words and music. The authors cover such topics as semiotics, intermediality, hermeneutics, the de-essentialization of the arts, and the works of a wide range of literary figures and composers that include Baudelaire, Mallarmé, Proust, T. S. Eliot, Goethe, Hölderlin, Mann, Britten, Schubert, Schumann, and Wagner. The second section consists of a second set of papers presented at the conference that are devoted to a different area of word and music studies: cultural identity and the musical stage. Eight scholars investigate – and often problematize – widespread assumptions regarding 'national' and 'cultural' music, language, plots, and production values in musical stage works. Topics include the National Socialists' construction of German national identity; reception-based examinations of cultural identity and various "national" opera styles; and the means by which composers, librettists, and lyricists have attempted to establish national or cultural identity through their stage works.

Ping-Pong Diplomacy Nicholas Griffin, 2014-01-02 It was one of the most significant developments of the post-war era: China finally abandoning its close relationship with the Soviet Union to begin detente with the USA. Astonishingly, the man who helped make it happen was a British aristocrat, Ivor Montagu, a Soviet spy who knew Stalin and dined with Trotsky. Even more remarkably, the means to this rapprochement was table tennis, a sport loved by both Chairman Mao and Montagu. For years, Montagu had lived a dual life, working to spread communism and also table tennis around the world. Surprisingly, the two strands of his career would come together in an event of global significance. Nicholas Griffin weaves a compelling story to reveal the background to the famous occasion in 1971, when the USA's Glenn Cowan, a 19-year-old hippie, befriended China's world champion Zhuang Zedong, who was imprisoned during

the Cultural Revolution. Within days, the Americans would be playing the Chinese in front of 18,000 fans in Beijing, with the whole world watching. It was the beginning of a thaw in Sino-US relations that forced the Soviets into a crippling arms race that acted as a catalyst to pressuring them into errors that would draw the Cold War to an end. Sometimes sport truly can have the biggest consequences.

Gifts B. P. Nichol, 2003 BpNichol's *The Martyrology* is a long poem begun in 1967 and continuing until Nichol's death in 1988. Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden* (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.
