Building Regulatory and Supervisory Technology Ecosystems Asian

Development Bank,2022-08-01 This publication explores the use of regulatory technology (regtech) in finance. It discusses how to design an optimal architecture, alongside policy considerations for an integrated regtech and supervisory technology ecosystem. It highlights the interaction of industry use of technology in compliance and risk management; regulator and supervisor use of technology for supervision, monitoring, and enforcement; and use of technology to embed regulatory requirements and systems into financial infrastructure. The publication introduces key policy frameworks that enable ecosystem relationships at national, regional, and international levels, and showcases vital agile data management and standardization frameworks.

Power Systems Enterprise Servers with PowerVM Virtualization and RAS Dino

Quintero,JinHoon Baek,Guillermo Diez,Hassan Elsetohy,Debra Francis,Bing He,Rajesh Jeyapaul,Anil Kalavakolanu,Tejaswini Kaujalgi,David Kgabo,Ricardo Puig,Vani Ramagiri,IBM Redbooks,2013-03-06 This IBM® Redbooks® publication illustrates implementation, testing, and helpful scenarios with IBM Power® Systems 780 and 795 using the comprehensive set of the Power virtualization features. We focus on the Power Systems functional improvements, in particular, highlighting the reliability, availability, and serviceability (RAS) features of the enterprise servers. This document highlights IBM Power Systems Enterprise Server features, such as system scalability, virtualization features, and logical partitioning among others. This book provides a documented deployment model for Power 780 and Power 795 within a virtualized environment, which allows clients to plan a foundation for exploiting and using the latest features of the IBM Power Systems Enterprise Servers. The target audience for this book includes technical professionals (IT consultants, technical support staff, IT Architects, and IT Specialists) responsible for providing IBM Power Systems solutions and support.

Design for Water Heather Kinkade-Levario,2007-06-01 A guide to alternate water collection for green new developments, aimed at conserving water and reusing it wisely. In an era of dwindling resources, water is poised to become the new oil as the entire world now faces the reality of a decreasing supply of clean water. To avert a devastating shortage, we must not only look at alternate water sources for existing structures, we must also plan our new developments differently. Design for Water is an accessible and clearly written guide to alternate water collection, with a focus on rainwater harvesting in the urban environment. The book: outlines the process of water collection from multiple sources—landscape, residential, commercial, industrial, school, park and municipal systems provides numerous case studies details the assembly and actual application of equipment includes specific details, schematics and references All aspects of rainwater harvesting are outlined, including passive and active system set-up, storage, stormwater reuse, distribution, purification, analysis and filtration. There is even a section on rainwater harvesting for wildlife. In addition to rainwater, there are several affordable and accessible alternate sources, including cooling tower bleed-off water, air conditioning condensate, gray water, and fog collection. Design for Water is geared to providing those making development decisions and guidelines with the information they need to set up passive harvesting techniques. The book will especially appeal to engineers, landscape

architects, municipal decision-makers, developers and land-owners.

The Peoples Of Las Vegas Jerry L. Simich,Thomas C. Wright,2005-03-07 Beneath the glitzy surface of the resorts and the seemingly cookie-cutter suburban sprawl of Las Vegas lies a vibrant and diverse ethnic life. People of varied origins make up the population of nearly two million and yet, until now, little mention of the city has been made in studies and discussion of ethnicity or immigration. *The Peoples of Las Vegas: One City, Many Faces* fills this void by presenting the work of seventeen scholars of history, political science, sociology, anthropology, law, urban studies, cultural studies, literature, social work, and ethnic studies to provide profiles of thirteen of the city's many ethnic groups. The book's introduction and opening chapters explore the historical and demographic context of these groups, as well as analyze the economic and social conditions that make Las Vegas so attractive to recent immigrants. Each group is the subject of the subsequent chapters, outlining migration motivations and processes, economic pursuits, cultural institutions and means of transmitting culture, involvement in the broader community, ties to homelands, and recent demographic trends.

Islands Magazine ,1997-11

Indo-US Nuclear Deal P R Chari,2013-05-13 This book interrogates the Indo-US civil nuclear agreement from its inception in July 2005 to its conclusion in the latter part of 2008 through 12 articles, each of which focuses on different aspects of the deal. They discuss the factors that facilitated the deal, the roadblocks that were encountered, and the implications of the deal for the future of India's foreign policy, its energy security and the international non-proliferation regime. Together, they address the internal political dynamics in India and the United States in order to present perspectives of both countries. The book also highlights the technical paradigm of the nuclear deal: implications of the deal for India's military and energy programs, and a legal scrutiny of the 123 Agreement. Further, it attempts to analyse the rationale for the unrelenting domestic and international opposition which the deal faced, examining . whether the objections raised from different groups at various stages to the Indo-US nuclear deal were substantive or motivated. Finally, the book provides an overview of the Indo-US nuclear deal and posits it within the larger framework of Indo-US relations. This book will be of interest to students and scholars of international relations, political science, international law, peace and security studies, South Asian studies and military studies.

Graduate Medical Education Directory 1999-2000 American Medical Association,1999-04

Encyclopedia of Information Science and Technology, Third Edition Khosrow-Pour, Mehdi,2014-07-31 This 10-volume compilation of authoritative, research-based articles contributed by thousands of researchers and experts from all over the world emphasized modern issues and the presentation of potential opportunities, prospective solutions, and future directions in the field of information science and technology-- Provided by publisher.

Hong Kong Film, Hollywood and New Global Cinema Gina Marchetti,Tan See Kam,2007-01-24 In recent years, with the establishment of the Hong Kong Film Archive and growing scholarly interest in the history of Hong Kong cinema, previously neglected historical documents and difficult-to-access films have offered new research materials. As Hong Kong film history comes into sharper focus, its inextricable links across the decades

to Southeast Asia, Korea, Japan, the United States, and to the far reaches of the Chinese diaspora have also become more evident. Hong Kong's connection with Hollywood involves ties that bring together art cinema and popular genres as well as film festivals and the media marketplace with popular transnational genres. Giving fresh and fascinating insights into the vibrant area of Hong Kong, this exciting new book links Hong Kong with world film culture both within and beyond the commercial Hollywood paradigm. It emphasizes Hong Kong film in relation to other cinema industries, including Hollywood, and demonstrates that Hong Kong film, throughout its history, has challenged, redefined, expanded, and exceeded its borders.

Data Analysis and Optimization for Engineering and Computing Problems Pandian Vasant,Igor Litvinchev,Jose Antonio Marmolejo-Saucedo,Roman Rodriguez-Aguilar,Felix Martinez-Rios,2020-09-08 This book presents the proceedings of The EAI International Conference on Computer Science: Applications in Engineering and Health Services (COMPSE 2019). The conference highlighted the latest research innovations and applications of algorithms designed for optimization applications within the fields of Science, Computer Science, Engineering, Information Technology, Management, Finance and Economics and Health Systems. Focusing on a variety of methods and systems as well as practical examples, this conference is a significant resource for post graduate-level students, decision makers, and researchers in both public and private sectors who are seeking research-based methods for modelling uncertain and unpredictable real-world problems.

Modified Atmosphere and Active Packaging Technologies Ioannis

Arvanitoyannis,2012-06-12 Many factors are relevant in making the proper choice of food packaging material, including those related to shelf life and biodegradability. To meet these demands, new processing and preservation techniques have arisen, most notably modified atmosphere packaging (MAP) and active packaging (AP). Modified Atmosphere and Active Packaging Technologies presents an overview of the current status of MAP and AP, exploring techniques, methodologies, applications, and relevant legislation. For clarity and easy reference, the book is divided into seven convenient sections: Principles, Materials, Gases, and Machinery for MAP provides a basic overview of the topic and defines modified atmosphere, controlled atmosphere, and active packaging. Safety and Quality Control of MAP Products examines the effect of MAP on various foods and discusses governmental control mechanisms to ensure food safety. Applications of MAP in Foods of Animal Origin explores how MAP can be used in fish, meat, poultry and dairy products. Applications of MAP in Foods of Plant Origin discusses MAP for cereals, minimally processed vegetables, fruits, and bakery products. Other Applications of MAP reviews MAP's use in ready-to-eat (RTE) foods and coffee, tea, beer, and snack foods. Active Packaging and its New Trends examines issues related to nanotechnology and bioactive packaging. Consumer Behavior/Sensory Analysis and Legislation covers legislation in the European Union, the United States, and Canada and presents conclusions and new issues on the horizon. From the very basics (films, gases, techniques, and applications) up to the latest advances (nanotechnology and bioactive compounds), this book covers nearly all issues related to MAP and AP, providing an essential reference for food scientists and engineers, agriculturalists, chemists, and all those on the cutting edge of food packaging.
