**Engaging Schools** Institute of Medicine, National Research Council, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Increasing High School Students' Engagement and Motivation to Learn, 2003-12-21 When it comes to motivating people to learn, disadvantaged urban adolescents are usually perceived as a hard sell. Yet, in a recent MetLife survey, 89 percent of the low-income students claimed I really want to learn applied to them. What is it about the school environment—pedagogy, curriculum, climate, organization—that encourages or discourages engagement in school activities? How do peers, family, and community affect adolescents' attitudes towards learning? Engaging Schools reviews current research on what shapes adolescents' school engagement and motivation to learn—including new findings on students' sense of belonging—and looks at ways these can be used to reform urban high schools. This book discusses what changes hold the greatest promise for increasing students' motivation to learn in these schools. It looks at various approaches to reform through different methods of instruction and assessment, adjustments in school size, vocational teaching, and other key areas. Examples of innovative schools, classrooms, and out-of-school programs that have proved successful in getting high school kids excited about learning are also included.

*Desmistificando a Prática Contábil* Ernando Fagundes, David Daniel Hammes Junior, Fabrício Constante, Willian Boschetti Adamczyk, Adolfo Roberto Alarcón Pizzorno, 2020-08-01 Verificar a viabilidade e mensurar o possível retorno que será alcançado por meio das operações de uma empresa é fundamental para sua sobrevivência. Por meio de projeções considerando as variáveis do ambiente interno e externo, bem como todo o embasamento legal pertinente, é possível tirar conclusões a respeito da viabilidade de um empreendimento. Assim, num primeiro momento, este livro apresenta um plano de negócios que busca descrever uma empresa, sua localização e concorrentes de mercado. São apresentados os produtos, a capacidade de produção da empresa, os custos e despesas envolvidas, estratégias de venda e capitalização da empresa. São projetadas também as demonstrações contábeis relacionadas a esse empreendimento. Em seguida são apresentados os procedimentos necessários para a abertura de uma sociedade empresária limitada. Para efeitos de exemplificação, é adotado como nome da empresa, Biguabox Indústria de Boxes de Vidros Ltda. São evidenciados todos os passos necessários para a abertura desta empresa, destacando-se quais os órgãos competentes de registro. Para tanto, são explanados os tipos de empresas e formas de tributação de acordo com a legislação vigente. Os cálculos da folha de pagamento da empresa Biguabox são elaborados de acordo com a legislação vigente, em que inicialmente será feita a abertura da conta corrente da empresa para que obtenha maior controle e segurança sobre suas disponibilidades. Mais adiante, serão fundamentados os cálculos da folha de pagamentos, bem como apresentados de maneira detalhada. Após lançados todos os cálculos, gera-se o Livro Razão e os balancetes de verificação para dois períodos, aqui exemplificados como setembro e outubro de 2019. Em seguida, são apresentadas as operações contábeis realizadas pela empresa Biguabox, além das operações fiscais ocorridas durante os períodos de setembro e outubro de 2019. Essa etapa corresponde ao registro das atividades que as empresas realizam no dia a dia, e que são fundamentais para atingir os objetivos para o qual foram fundadas. Nela, são apresentadas algumas operações cotidianas das empresas como aplicações financeiras, venda de bens do ativo imobilizado, compra de matérias primas e as vendas dos produtos acabados. Durante a realização das operações acima descritas são contabilizados os registros no que diz respeito aos tributos. Após a contabilização das operações e os devidos créditos e débitos dos tributos, pode-se apurar por meio dos livros de apuração os valores de tributos a pagar. Por fim, são apresentados os Balancetes de Verificação de setembro e outubro de 2019 e o Livro Razão desse período. Por fim, apresenta-se a consolidação das demonstrações contábeis aplicada à empresa Biguabox, de modo que são evidenciados conceitos, procedimentos e como essas demonstrações fornecem informações úteis para a tomada de decisões. Com base nas demonstrações contábeis devidamente padronizadas, pode-se extrair índices que permitem indicar a situação econômico financeira da empresa, possibilitando a comparação desses índices com os de outras empresas.

**Personalized Learning** Peggy Grant, Dale Basye, 2014-06-21 Personalized Learning: A Guide for Engaging Students with Technology is designed to help educators make sense of the shifting landscape in modern education. While changes may pose significant challenges, they also offer countless opportunities to engage students in meaningful ways to improve their learning outcomes. Personalized learning is the key to engaging students, as teachers are leading the way toward making learning as relevant, rigorous, and meaningful inside school as outside and what kids do outside school: connecting and sharing online, and engaging in virtual communities of their own. Renowned author of the Heck: Where the Bad Kids Go series, Dale Basye, and award winning educator Peggy Grant, provide a

go-to tool available to every teacher today—technology as a way to ‘personalize’ the education experience for every student, enabling students to learn at their various paces and in the way most appropriate to their learning styles.

**O DIREITO E AS METAMORFOSES DO TRABALHO DESAFIOS E PERSPECTIVAS DO DIREITO DO TRABALHO EM UM CENÁRIO DE TRANSFORMAÇÕES** DENISE PIRES FINCATO, GUILHERME WÜNSCH, PEDRO GUILHERME BEIER SCHNEIDER, 2021-07-09 O trabalho, no âmbito do sistema capitalista que predomina no cenário mundial, assume uma posição central dentre os mais diversos elementos que compõem a sociedade moderna. A centralidade conferida ao trabalho faz com que toda e qualquer mudança a ele relacionada cause impactos de caráter generalizado. Em verdade, o labor jamais pôde ser considerado um instituto estanque. Tratando-se de um fenômeno complexo, fatores sociais, políticos, jurídicos, econômicos e psicológicos constantemente alteram suas características e a forma como é compreendido. Neste sentido, transformações no mundo do trabalho não são inteiramente uma novidade.

**A Carta das Mulheres Brasileiras aos Constituintes** Bibiana Terra, 2022-04-29 A Assembleia Nacional Constituinte de 1987 e 1988 representou um marco político-jurídico na transição democrática e no avanço dos direitos das mulheres no Brasil. Tendo por base o reconhecimento do papel desenvolvido pelo movimento feminista brasileiro nesse período, esta obra busca analisar a participação das mulheres e das feministas durante o último processo constituinte, que culminou na promulgação da vigente Constituição Federal. Para tanto, são abordados o desenvolvimento do feminismo no Brasil, a atuação do Conselho Nacional dos Direitos da Mulher, as suas articulações para a elaboração da Carta das Mulheres Brasileiras aos Constituintes ? documento que, naquele momento, continha as principais reivindicações das feministas para o texto constitucional que passaria a ser redigido ? e a atuação conjunta das mulheres, das feministas e das deputadas constituintes da bancada feminina. Além disso, o livro não apenas analisa os fatores relacionados a tal participação naquele período, mas também alcança o momento pós-constituinte, em que correlaciona os direitos que foram conquistados em 1988 e o que se tem hoje. Por fim, ainda propõe o constitucionalismo feminista como um dos meios de conseguir superar os desafios da igualdade de gênero em um Estado Democrático de Direito como o brasileiro.

*Trabalho, família e gênero: impactos dos direitos do trabalho e da Educação Infantil* Andréa de Sousa Gama, 2015-09-24 Este livro trata de tema de maior relevância e atualidade: o conflito entre trabalho e responsabilidades familiares. Adepta da crítica feminista à separação entre as esferas da produção e da reprodução social, a autora discute que a feminização dos mercados de trabalho coincidiu com a transformação da organização do trabalho e da produção. Essas mudanças incrementaram as tensões entre trabalho e vida familiar.

**The Ming Prince and Daoism** Richard G. Wang, 2012-07-16 Scholars of Daoism in the Ming dynasty (1368-1644) have paid particular attention to the interaction between the court and certain Daoist priests and to the political results of such interaction; the focus has been on either emperors or Daoist masters. Yet in the Ming era, a special group of people patronized Daoism and Daoist establishments: these were the members of the imperial clan, who were enfeoffed as princes. By illuminating the role the Ming princes played in local religion, Richard G. Wang demonstrates in *The Ming Prince and Daoism* that the princedom served to mediate between official religious policy and the commoners' interests. In addition to personal belief and self-cultivation, a prince had other reasons to patronize Daoism. As the regional overlords, the Ming princes, like other local elites, saw financing and organizing temple affairs and rituals, patronizing Daoist priests, or collecting and producing Daoist books as a chance to maintain their influence and show off their power. The prosperity of Daoist institutions, which attracted many worshippers, also demonstrated the princes' political success. Locally, the Ming princes played an important cultural role as well by promoting the development of local religions. This book is the first to explore the interaction between Ming princes as religious patrons and local Daoism. Barred by imperial law from any serious political or military engagement, the Ming princes were ex officio managers of state rituals at the local level, with Daoist priests as key performers. Moreover, institutionally, most regular ceremonies related to a prince's life were mandated to be conducted by Daoist musician-dancers, and that as a result the princely courtly rites were characterized by a Daoist flavor. For this reason the princes became very closely involved in Daoist clerical and liturgical life.

**Football Fans, Their Information, The Web and The Personal Home Page** Shant Narsesian, 2010-01-08 From the early days of the Internet to the present day, the World Wide Web has developed into one of the world's largest information resources. One of the first genres of web pages, which was also one of the first information resources, was the Personal Home Page (PHP). Over this same period of time, professional football in England has created the world's richest league and by extension an abundance of football-related PHPs. This book examines the role of the PHP as an information resource using the subject area of professional football in England. A holistic approach was taken so as to view the PHP in a broader context, as one information resource amongst many, including non-PHPs and even offline information resources (e.g. reference books). Within this study, football fans were interviewed along with web authors, surveys were carried out (by distributing both online and offline questionnaires) and additional research was also carried out online, examining football-related PHPs and online web collaborations. Results suggest that whilst there are many informational benefits to be found on PHPs, such as plentiful unique information, they have low levels of use amongst football fans. The study concludes by proposing an avenue to the maximisation of the informational benefit of PHPs through a blueprint for a type of communal football website called the Club Community Composite Page (CCCP). Overall, several contributions are made to the field of information science, most notably attaining an improved understanding of PHPs as unique and accurate information providers online and devising new research methods for PHP research. In particular, the method of identification of PHPs developed here will be a useful tool for future researchers of PHPs. The contributions of this work are likely to be of value to researchers working in relevant sub-fields of information science, such as information seeking, web genres, grey literature and virtual communities.

**Thinking about Nuclear Power in Post-Saddam Iraq** Norman L. Cigar, 2010 Iraqis are debating the desirability of atomic power for their country. U.S. and international policymakers will have to consider Iraqi views as they shape policy to manage the process of an orderly, safe, and peaceful nuclear reintegration of Iraq in the civilian sector while guaranteeing safeguards against both accidents and any future diversion of a nuclear program for military purposes or terrorist exploitation. This monograph provides an overview and analysis of thinking in Iraq on the issue of nuclear power.--
